# BBQ TOOLS

tools

## A Tool for any Cookout

- Innovative and specialty tools for the griller
- Classic tools make up the foundation of a good grilling program
- Available as open stock or as sets

### A - Rectangular Grill Press – GS1019

To look like a real pro, you need those perfect grill marks on your meat or vegetables. Use this grill press to keep your food in contact with the hot grill to achieve those grill marks. See page 48.

### B - Stainless Steel Smoker Box – GS1005

With the smoker box, you can add a rich smoky flavor to grilled food. Place smoker box filled with wood chips on a hot grill while food is cooking. As the wood chips heat, smoke will be released, flavoring the food with a rich smoky flavor. Wood chips sold separately

### C - Stainless Steel Tongs – GS1035

Use tongs to pick up or transfer food on the grill top. Easily lock and un-lock the tongs from the hinge for easy storage. Heat-resistant silicone tips perfect for use on the grill, cooking or serving food.

GS1046 - case / 6

Holds 28 peppers

Packaging - sleeve

# BBQ ACCESSORIES

tools and grill care

## Making grilling fun and easy!

- Outfitting the outdoor grill space
- Prepping and serving solutions for all your needs
- Heat protection and then keeping your grill clean is essential

### A - Safe Scrape™ Spiral Wire Grill Brush - GS1039

Keeping a clean grill is essential to good grilling. This durable yet flexible plastic grill brush allows you to get between the grill grates for a more thorough clean. The 10" brush handle keeps you at a safer distance from a hot grill.

### A - Galvanized Steel Chimney Starter – GS1007

Great grilling starts with blazing-hot charcoal! This Chimney Starter takes the frustration out of getting your barbecue briquettes going. It's never been easier or faster to light your coals! Light your charcoal evenly and without any unhealthy chemicals. In about 15 minutes you'll have burning coals that are ready to be poured into your grill.

### C - Pit Mitt® – GS1012

Designed for the grill (great for oven too). Uses aramid fibers, also used in aerospace and military applications, to form a barrier preventing heat from entering inner layer for ultimate protection.

Packaging - tie card

A

# BBQ TOPPERS

Griddles, grills, woks and baskets

## Grilling Essentials!

- Grids allow for smaller foods to be prepared without falling through the grill grates
- Perfect for fish, or smaller seafood and veggies

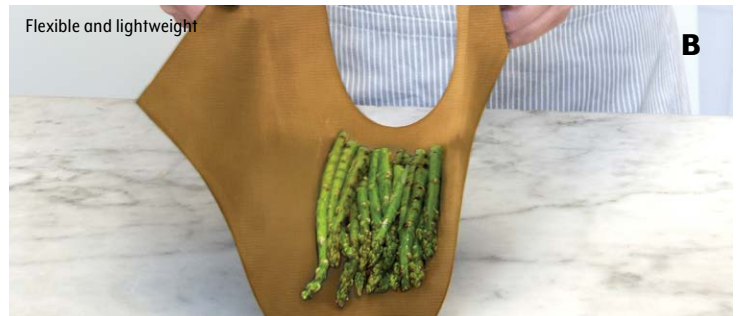

### A - Black Non-Stick Round Wok 10" – GS1026

Wok allows for smaller cuts of food to be cooked on the grill without the fear of losing your food through the grill grates. It has perforations to allow for smoke and flame to penetrate the food for that grill flavor. Great for seafood and vegetables.

### B - Non-Stick Flex Grill Sheets™ – GS1043

This Grill Sheet opens up a range of possibilities on the grill. Cooking directly on grill grates can dry out food and drain its natural juices. With this Grill Sheet, steak, chicken, pork and seafood retain moisture and stay tender. Durable and heat resistant to 500°F, the sheet is reusable and also perfect for veggies, pizza, crab cakes and even wet food like pancakes and eggs which would otherwise slide through the grates.

Flexible and lightweight
