

FIND YOUR SIZE

The trousers have a relaxed fit, positioned at lower waist, so use your (lower) waist and seat measurement for sizing.

If you wish to adjust the relaxed waist you can choose to add more or less elastic tape. Just remember that the waist has to be wide enough to be pulled over your seat when putting the trousers on.

You can easily shorten or lengthen the pattern, make the adjustment at knee height.

FINISHED GARMENT MEASUREMENTS

	XS	S	M	L			
A. Waist relaxed (cm)	72	81	90	99			
B. Waist extended (cm)	89	92	104	113			
C. Seat (cm)	100	107	114	121			
D. Side length (cm)	90	91	92	93
