

MORTON & BASSETT SPICES®

Grilled Steaks

- 3 tablespoons Morton & Bassett Steak Rub
- 2 sirloin steaks

Preheat your grill to high heat for that perfect charred goodness. Generously rub each steak with 1.5 tablespoons of M&B Steak Rub, making sure to cover all sides. Place the seasoned steaks on the grill and cook the first side for 4-6 minutes. Flip them over and continue grilling for another 4-5 minutes until you reach your desired level of doneness. Once the steaks are cooked to perfection, remove them from the grill and let them rest for a few minutes. Slice into tender steaks.

Servings: 2 | Time: 15 minutes
