

MORTON & BASSETT SPICES®

## *Strawberry Basil Mojito*

- 1 cup fresh strawberries
- 2 tablespoons Morton & Bassett Basil
- ½ cup sugar
- 4 ounces white rum
- ½ cup water

First, make your basil simple syrup. Add ½ cup water, ½ cup sugar, and 2 tablespoons of basil to a small saucepan. Heat up to a boil and stir constantly for about 5 minutes, then remove from heat and let cool. In a medium bowl, smash or muddle your strawberries down into a juicy pulp. Mix the strawberry pulp, the rum, and the simple syrup in a cocktail shaker and shake hard for a few minutes. Pour over ice and garnish with fresh strawberries.
