

HEART SYNC

A BETTER ELECTRODE IS ALL WE DO.

Why HeartSync?

We are constantly making the best electrode on the market even better. No other electrode is as intuitive, adaptable and easy to use. Plus, HeartSync offers significant cost savings.

The next generation of multifunction electrode is here:

- 36-month shelf life, the longest on the market
- Intuitive one-connector standardization
- By far the longest lead wire on the market: 60 inches
- Easy-to-open peel pouch packaging
- Leads out package design
- Effortless, color-coded pad placement system
- Radiopaque pads and lead wires allow unobstructed viewing
- Adult and pediatric electrodes
- User-friendly instructions on all materials

Our packaging is conveniently color-keyed.
