

Material Safety Data Sheet

Clear Water Linseed Oil
Concrete Curing Compound
CHLQ-014

SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION

Manufacturer : RIGHT POINTE COMPANY

Address : 234 Harvestore Drive
: P.O. BOX 467
: DeKalb, IL 60115

- HMIS -

Health	1
Flammability	0
Reactivity	0
Personal Protection	

Telephone : 888-755-5700

Fax : 815-754-5702

Mfg. code I.D. : CHLQ-014 (Hazard Rating: 0=Least,1=Slight,2=Moderate,3=High,4=Extreme,*=Chronic)

Trade Name : Clear Water Linseed Oil Concrete Curing Compound

SECTION 2 - HAZARDOUS COMPONENTS & OCCUPATIONAL EXPOSURE LIMITS

Component	CAS#	% by weight	SARA 313	OSHA: PEL/TLV	ACGIH: TLV/TWA
-----------	------	-------------	----------	------------------	-------------------

None of the components in this product are determined to be hazardous as defined by OSHA 29 CFR Part 1910.1200 Appendix A.

SECTION 3 - PHYSICAL DATA

Boiling Point	: 212°F	Solubility in Water	: Emulsifies
Evaporation Rate	: <1	Specific Gravity	: 0.95 – 1.05
Vapor Density	: >1	% Volatile (by wt)	: 55 - 65
pH Level	: 8.4 – 8.7	Freezing Point	: 32°F

SECTION 4 - HEALTH INFORMATION

EYE CONTACT: Product vapors and/or mists may be irritating to the eyes.

SKIN CONTACT: Moderately irritating to the skin – prolonged contact may harm the skin

INHALATION: Product may be irritating to the throat, nose, and/or respiratory tract. Prolonged exposure to high vapor concentrations may cause headache, loss of coordination, and/or fatigue.

INGESTION: Ingestion of excessive amounts may cause drowsiness, dizziness, headache, and/or fatigue. Product is slightly toxic but still may cause irritation to the gastrointestinal tract through consumption.

AGGRAVATED MEDICAL CONDITIONS: Pre-existing conditions (such as eye, skin, and respiratory disorders) may be aggravated through exposure of this material.

OTHER HEALTH EFFECTS: None known.

SECTION 5 - EMERGENCY AND FIRST AID PROCEDURES

EYE CONTACT: Move victim to an area with fresh air and flush the eyes for at least 15 minutes with water. If irritation continues, seek medical help.

SKIN CONTACT: Remove any contaminated clothing and wash exposed skin with soap and water. If redness or swelling persists, seek medical attention.

INHALATION: Move victim to an area with fresh air and away from the material. If breathing problems develop and/or irritation continues, have a qualified person administer oxygen and contact a physician immediately. If the victim is not breathing, perform artificial respiration and seek immediate medical attention.

INGESTION: Have the victim drink water or milk to dilute unless the victim is unconscious. Transport the victim to emergency facilities immediately.

SECTION 6 - FIRE AND EXPLOSION HAZARDS

Flash Point: >212°F

Flammability Classification: NFPA : Combustible Liquid – class III B
DOT : Not Regulated

Extinguishing Media: Water, foam, dry chemical, or CO₂

Unusual Fire/Explosion Hazards: None Recognized

Special Fire Fighting Procedure: None Recognized

SECTION 7 - REACTIVITY

Stability	:	Stable
Hazardous Decomposition Products	:	Oxides and Nitrogen compounds and/or Sulfur compounds. Combustion may yield CO and CO ₂ . Do not breathe fumes.
Materials to avoid	:	Avoid oxidizing agents, strong acids, and alkalis.
Hazardous Polymerization	:	Will not occur.

SECTION 8 - EMPLOYEE PROTECTION

CLOTHING: Cover eyes with safety glasses/goggles or splash shield. Do not wear contact lenses. Handlers should also wear long sleeves, pants that cover entire legs, and gloves to minimize skin exposure.

BREATHING: Handlers should use this product in well-ventilated areas only to prevent exposure to higher vapor concentrations. If exposure exceeds the PEL/TLV, use the appropriate NIOSH approved respirator.

SECTION 9 - ENVIRONMENTAL PROTECTION

SPILLS: Clear area of all personnel not wearing appropriate protective gear (including respirator). Dike and contain. Stop the leak. Water fog will suppress any vapor cloud that forms. Remove with vacuum or pump equipment. Use absorbent media for remaining residue. Trace residue can be removed from site with a clean water flush. Observe all pertinent local, state and federal regulations on disposal of water-based chemical compounds.

SECTION 10 - Other Information

Supersedes MSDS Dated: All before December 01, 2009 Significant changes from the original MSDS format

Right Pointe Company believes this information is accurate but not all-inclusive in all circumstances. It is the responsibility of the user to determine suitability of the material for their purposes. No warranty, expressed or implied, is given.
