***Please note:***

- Wood is a natural product, and colours may vary significantly from samples or physical items seen. Natural wood features such as knots, checks, and shakes are acceptable 'defects' and are not quality problems.
- We do not practise wood selection; all pieces are randomly pulled from stock.
- Colour change and wood movement are natural features of wood, with tolerances of up to 5mm per linear metre acceptable for bowing, warping, and sagging. This movement will often change with seasons.
