SMOLOV JR! Cuando se habla de rutinas, retos, o cualquier otro tipo de programa predefinido nos alejamos del tema más importante: Contexto. En este sentido, nos

acercamos más a la práctica rutinaria independiente de las características, de los hábitos, de la alimentación, sueño... etc. Aquí el deportista se adapta a la rutina/programa (como quieras llamarlo), en lugar de la rutina al deportista. Esto se suele encontrar mucho en Internet, como con las dietas preestablecidas, otro tipo de rutinas tipo: ponte cachas en 30 días... dejando de lado el "contexto". Tremendo error.
