This is my first ever attempt. I've never tried this before. I didn't wanna warm up with lighter weights, cause I already did 5 sets tempo, pause back squats and I was running out of my time. Maybe I can do this a bit heavier if I recover from my previous session ☐ and I'm not after squats. iloveachallenge testingmyself gobletsquats reverselunges kettlebell accesorywork weightlifting mastersweightlifting britishweightlifting doitforfun strongman functionalbodybuilding lovemymetime barefoot workhard strength girlpower core glutes fuelsme wildcardsc.
