

Material Safety Data Sheet

Rev. 2, August 2018

1. Product & Company Information	
Product Name	Biotouch Pure Micropigment Always Black
ASIN	B07FQQ85Z4
UPC	604565124388
Sold By	Eternal Beauty (UK) Ltd
Address	49-50 East Street, Taunton, TA1 3NA, UK
Telephone	+44 (0)333 335 6396
Email	info@eternalbeautyuk.com
Manufactured By	Biotouch Inc.
Address	17807 MaClaren Street, Industry, CA, 91744
Telephone	+1 909 444 0101
Email	info@biotouch.com

2. Composition / Information on Ingredients		
Product Overview	This product is intended for intradermal application, for the purpose of tattooing or permanent makeup (also known as micropigmentation). The components of this product are included in the CTFA.	
Ingredients	C.A.S.	EINECS
Glycerine	56-81-5	200-289-5
Isopropyl Alcohol	67-63-0	200-661-7
Iron Oxide	1332-37-2	215-570-8
CI77499	12227-89-3	235-442-5
CI77491	1309-37-01	215-168-2
CI77492	51274-00-1	257-098-5
Declaration	This product is genuine; it is developed and manufactured by Biotouch Inc. All the ingredients match the CTFA, the C.A.S. number and the EINECS Number.	

3. Danger Warnings	
Classifications Type	None Required
Risk Class	N/A
Health Hazards	Not Classified as dangerous according to 76/768/EEC
Physical-Chemical Hazards	Not Classified as dangerous according to 76/768/EEC
Environmental Hazards	None Classified
Risk Period	None
Precautions	Avoid ingestion & contact with eyes

4. First Aid Measures	
Eyes	Flush eyes with plenty of water, if irritation persists then seek medical attention
Skin	Remove by wiping the skin with water
Inhalation	Remove patient to fresh air for treatment
Ingestion	If large amounts are ingested then seek medical advice

5. Fire Prevention measures	
Flammability	Not Flammable
Combustion Products	None
Special PPE	None
Flash Point	N/A

6. Accidental Spillage Measures	
Measures to be taken	Can be cleaned with water, dispose of cleaning materials in accordance with your company/ local authorities regulations
Protective Gloves	Recommended to avoid skin staining
Respiratory Protection	Not required
Eye Protection	Not Required
Other PPE	Not Required
Reporting Requirements	As required by your company Health & Safety Policy

7. Handling & Storage	
Storage Conditions	Store at room temperature, usually about 20° C (68°F). Ensure Lid is firmly closed at all times
General Handling	Handle in accordance with good occupational hygiene and safety practices

8. Individual Exposure / Protection Control	
Occupational Exposure	For external use only. Do not use this product if you are sensitive to any of its ingredients. Please use this product only for the purpose for which it was intended and in accordance with the directions for use. Do not ingest. Avoid contact with the eyes. Keep out of children's reach. Always patch test clients before use

9. Physical & Chemical Properties	
Specific Gravity (H₂O=1)	Typical, 1.75-1.85
Vapour Density (Air=1)	N/A
Molecular Formula	Fe ₃ O ₄ , Fe ₂ O ₃
Solubility in Water	Insoluble, but miscible in water
Appearance	Black Viscous Liquid
Odour	Typical

10. Stability & Reactivity	
Chemical Stability	Stable
Product Decomposition Warning	None
Dangerous Reactions	None
Incompatibility With Other Materials	Avoid Strong Acid or Strong Alkaline
Decomposition Products	None
Hazardous Polymerization	Will Not Occur

11. Toxicological Information	
Declaration	This is a Cosmetic product that is safe for use for consumers subject to a patch test prior to use. It is also safe for other users under intended and reasonable foreseeable use. This product is intended for implantation into the skin by trained professionals only. There have been no noted dangerous health effects caused by exposure to this product subject to the patch testing instructions being followed prior to use.

12. Ecological Information	
Declaration	Always use good work practices; do not knowingly dispose of the product into the environment. Use correct disposal methods at all times

13. Disposal Caution	
Disposal Information	This product is considered as non-toxic and non-hazardous waste depending on its use. Once it comes into contact with skin it then may be classed as contaminated waste and will need to be disposed of under the regulations set by your local authority.

14. Transportation Information	
Specific Risks	No Warnings to Indicate
International Transport Classification	Not Classified
ADM Road Transportation	Not Classified
RID/RPM Rail Transportation	Not Classified
IMO/IMDG Ship Transportation	Not Classified
DOT Shipping Name	N/A
DOT Hazard Class	N/A

15. Regulatory Information

Classification Type

European standard of compliance 76/768/EEC,
registration no. ATS 2006302

16. Other Information

Material Safety Data Sheet

Rev. 2, August 2018

1. Product & Company Information	
Product Name	Biotouch Pure Micropigment Cherry
ASIN	B07FR1FKHS
UPC	604565124432
Sold By	Eternal Beauty (UK) Ltd
Address	49-50 East Street, Taunton, TA1 3NA, UK
Telephone	+44 (0)333 335 6396
Email	info@eternalbeautyuk.com
Manufactured By	Biotouch Inc.
Address	17807 MaClaren Street, Industry, CA, 91744
Telephone	+1 909 444 0101
Email	info@biotouch.com

2. Composition / Information on Ingredients		
Product Overview	This product is intended for intradermal application, for the purpose of tattooing or permanent makeup (also known as micropigmentation). The components of this product are included in the CTFA.	
Ingredients	C.A.S.	EINECS
Glycerine	56-81-5	200-289-5
Isopropyl Alcohol	67-63-0	200-661-7
Iron Oxide	1332-37-2	215-570-8
CI 77891	13463-67-7	236-675-5
Declaration	This product is genuine; it is developed and manufactured by Biotouch Inc. All the ingredients match the CTFA, the C.A.S. number and the EINECS Number.	

3. Danger Warnings	
Classifications Type	None Required
Risk Class	N/A
Health Hazards	Not Classified as dangerous according to 76/768/EEC
Physical-Chemical Hazards	Not Classified as dangerous according to 76/768/EEC
Environmental Hazards	None Classified
Risk Period	None
Precautions	Avoid ingestion & contact with eyes

4. First Aid Measures	
Eyes	Flush eyes with plenty of water, if irritation persists then seek medical attention
Skin	Remove by wiping the skin with water
Inhalation	Remove patient to fresh air for treatment
Ingestion	If large amounts are ingested then seek medical advice

5. Fire Prevention measures	
Flammability	Not Flammable
Combustion Products	None
Special PPE	None
Flash Point	N/A

6. Accidental Spillage Measures	
Measures to be taken	Can be cleaned with water, dispose of cleaning materials in accordance with your company/ local authorities regulations
Protective Gloves	Recommended to avoid skin staining
Respiratory Protection	Not required
Eye Protection	Not Required
Other PPE	Not Required
Reporting Requirements	As required by your company Health & Safety Policy

7. Handling & Storage	
Storage Conditions	Store at room temperature, usually about 20° C (68°F). Ensure Lid is firmly closed at all times
General Handling	Handle in accordance with good occupational hygiene and safety practices

8. Individual Exposure / Protection Control	
Occupational Exposure	For external use only. Do not use this product if you are sensitive to any of its ingredients. Please use this product only for the purpose for which it was intended and in accordance with the directions for use. Do not ingest. Avoid contact with the eyes. Keep out of children's reach. Always patch test clients before use

9. Physical & Chemical Properties	
Specific Gravity (H₂O=1)	Typical, 1.75-1.84
Vapour Density (Air=1)	N/A
Molecular Formula	Fe ₂ O ₃
Solubility in Water	Insoluble, but miscible in water
Appearance	Cherry Viscous Liquid
Odour	Typical

10. Stability & Reactivity	
Chemical Stability	Stable
Product Decomposition Warning	None
Dangerous Reactions	None
Incompatibility With Other Materials	Avoid Strong Acid or Strong Alkaline
Decomposition Products	None
Hazardous Polymerization	Will Not Occur

11. Toxicological Information	
Declaration	This is a Cosmetic product that is safe for use for consumers subject to a patch test prior to use. It is also safe for other users under intended and reasonable foreseeable use. Flash Point	N/A

6. Accidental Spillage Measures	
Measures to be taken	Can be cleaned with water, dispose of cleaning materials in accordance with your company/ local authorities regulations
Protective Gloves	Recommended to avoid skin staining
Respiratory Protection	Not required
Eye Protection	Not Required
Other PPE	Not Required
Reporting Requirements	As required by your company Health & Safety Policy

7. Handling & Storage	
Storage Conditions	Store at room temperature, usually about 20° C (68°F). Ensure Lid is firmly closed at all times
General Handling	Handle in accordance with good occupational hygiene and safety practices

8. Individual Exposure / Protection Control	
Occupational Exposure	For external use only. Do not use this product if you are sensitive to any of its ingredients. Please use this product only for the purpose for which it was intended and in accordance with the directions for use. Do not ingest. Avoid contact with the eyes. Keep out of children's reach. Always patch test clients before use

9. Physical & Chemical Properties	
Specific Gravity (H₂O=1)	Typical, 1.76-1.84
Vapour Density (Air=1)	N/A
Molecular Formula	TiO ₂
Solubility in Water	Insoluble, but miscible in water
Appearance	Pink/Red Viscous Liquid
Odour	Typical

10. Stability & Reactivity	
Chemical Stability	Stable
Product Decomposition Warning	None
Dangerous Reactions	None
Incompatibility With Other Materials	Avoid Strong Acid or Strong Alkaline
Decomposition Products	None
Hazardous Polymerization	Will Not Occur

11. Toxicological Information	
Declaration	This is a Cosmetic product that is safe for use for consumers subject to a patch test prior to use. It is also safe for other users under intended and reasonable foreseeable use. This product is intended for implantation into the skin by trained professionals only. There have been no noted dangerous health effects caused by exposure to this product subject to the patch testing instructions being followed prior to use.

12. Ecological Information	
Declaration	Always use good work practices; do not knowingly dispose of the product into the environment. Use correct disposal methods at all times

13. Disposal Caution	
Disposal Information	This product is considered as non-toxic and non-hazardous waste depending on its use. Once it comes into contact with skin it then may be classed as contaminated waste and will need to be disposed of under the regulations set by your local authority.

14. Transportation Information	
Specific Risks	No Warnings to Indicate
International Transport Classification	Not Classified
ADM Road Transportation	Not Classified
RID/RPM Rail Transportation	Not Classified
IMO/IMDG Ship Transportation	Not Classified
DOT Shipping Name	N/A
DOT Hazard Class	N/A

15. Regulatory Information

Classification Type

European standard of compliance 76/768/EEC,
registration no. ATS 2006302

Material Safety Data Sheet

Rev. 2, August 2018

1. Product & Company Information	
Product Name	Biotouch Pure Micropigment Green
ASIN	B07FQQCCPQ
UPC	604565124487
Sold By	Eternal Beauty (UK) Ltd
Address	49-50 East Street, Taunton, TA1 3NA, UK
Telephone	+44 (0)333 335 6396
Email	info@eternalbeautyuk.com
Manufactured By	Biotouch Inc.
Address	17807 MaClaren Street, Industry, CA, 91744
Telephone	+1 909 444 0101
Email	info@biotouch.com

2. Composition / Information on Ingredients		
Product Overview	This product is intended for intradermal application, for the purpose of tattooing or permanent makeup (also known as micropigmentation). The components of this product are included in the CTFA.	
Ingredients	C.A.S.	EINECS
Glycerine	56-81-5	200-289-5
Isopropyl Alcohol	67-63-0	200-661-7
Iron Oxide	1332-37-2	215-570-8
CI 77288	1308-38-9	215-160-9
Declaration	This product is genuine; it is developed and manufactured by Biotouch Inc. All the ingredients match the CTFA, the C.A.S. number and the EINECS Number.	

3. Danger Warnings	
Classifications Type	None Required
Risk Class	N/A
Health Hazards	Not Classified as dangerous according to 76/768/EEC
Physical-Chemical Hazards	Not Classified as dangerous according to 76/768/EEC
Environmental Hazards	None Classified
Risk Period	None
Precautions	Avoid ingestion & contact with eyes

4. First Aid Measures	
Eyes	Flush eyes with plenty of water, if irritation persists then seek medical attention
Skin	Remove by wiping the skin with water
Inhalation	Remove patient to fresh air for treatment
Ingestion	If large amounts are ingested then seek medical advice

5. Fire Prevention measures	
Flammability	Not Flammable
Combustion Products	None
Special PPE	None
Flash Point	N/A

6. Accidental Spillage Measures	
Measures to be taken	Can be cleaned with water, dispose of cleaning materials in accordance with your company/ local authorities regulations

2. Composition / Information on Ingredients		
Product Overview	This product is intended for intradermal application, for the purpose of tattooing or permanent makeup (also known as micropigmentation). The components of this product are included in the CTFA.	
Ingredients	C.A.S.	EINECS
Glycerine	56-81-5	200-289-5
Isopropyl Alcohol	67-63-0	200-661-7
Iron Oxide	1332-37-2	215-570-8
CI77492	51274-00-1	257-098-5
CI77491	1309-37-01	215-168-2
CI77499	12227-89-3	235-442-5
Declaration	This product is genuine; it is developed and manufactured by Biotouch Inc. All the ingredients match the CTFA, the C.A.S. number and the EINECS Number.	

3. Danger Warnings	
Classifications Type	None Required
Risk Class	N/A
Health Hazards	Not Classified as dangerous according to 76/768/EEC
Physical-Chemical Hazards	Not Classified as dangerous according to 76/768/EEC
Environmental Hazards	None Classified
Risk Period	None
Precautions	Avoid ingestion & contact with eyes

4. First Aid Measures	
Eyes	Flush eyes with plenty of water, if irritation persists then seek medical attention
Skin	Remove by wiping the skin with water
Inhalation	Remove patient to fresh air for treatment
Ingestion	If large amounts are ingested then seek medical advice

5. Fire Prevention measures	
Flammability	Not Flammable
Combustion Products	None
Special PPE	None
Flash Point	N/A

6. Accidental Spillage Measures	
Measures to be taken	Can be cleaned with water, dispose of cleaning materials in accordance with your company/ local authorities regulations
Protective Gloves	Recommended to avoid skin staining
Respiratory Protection	Not required
Eye Protection	Not Required
Other PPE	Not Required
Reporting Requirements	As required by your company Health & Safety Policy

7. Handling & Storage	
Storage Conditions	Store at room temperature, usually about 20° C (68°F). Ensure Lid is firmly closed at all times
General Handling	Handle in accordance with good occupational hygiene and safety practices

8. Individual Exposure / Protection Control	
Occupational Exposure	For external use only. Do not use this product if you are sensitive to any of its ingredients. Please use this product only for the purpose for which it was intended and in accordance with the directions for use. Do not ingest. Avoid contact with the eyes. Keep out of children's reach. Always patch test clients before use

9. Physical & Chemical Properties	
Specific Gravity (H₂O=1)	Typical, 1.75-1.85
Vapour Density (Air=1)	N/A
Molecular Formula	Fe ₂ O ₃ , Fe ₃ O ₄
Solubility in Water	Insoluble, but miscible in water
Appearance	Milk Chocolate Viscous Liquid
Odour	Typical

10. Stability & Reactivity	
Chemical Stability	Stable
Product Decomposition Warning	None
Dangerous Reactions	None
Incompatibility With Other Materials	Avoid Strong Acid or Strong Alkaline
Decomposition Products	None
Hazardous Polymerization	Will Not Occur

11. Toxicological Information	
Declaration	This is a Cosmetic product that is safe for use for consumers subject to a patch test prior to use. It is also safe for other users under intended and reasonable foreseeable use. This product is intended for implantation into the skin by trained professionals only. There have been no noted dangerous health effects caused by exposure to this product subject to the patch testing instructions being followed prior to use.

12. Ecological Information	
Declaration	Always use good work practices; do not knowingly dispose of the product into the environment. Use correct disposal methods at all times

13. Disposal Caution	
Disposal Information	This product is considered as non-toxic and non-hazardous waste depending on its use. Once it comes into contact with skin it then may be classed as contaminated waste and will need to be disposed of under the regulations set by your local authority.

14. Transportation Information	
Specific Risks	No Warnings to Indicate
International Transport Classification	Not Classified
ADM Road Transportation	Not Classified
RID/RPM Rail Transportation	Not Classified
IMO/IMDG Ship Transportation	Not Classified
DOT Shipping Name	N/A
DOT Hazard Class	N/A

15. Regulatory Information

Classification Type

European standard of compliance 76/768/EEC,
registration no. ATS 2006302

16. Other Information
