What a day of lifting for static monsters. I was judged via video link as travel bans are still in place in Victoria, but my gym and the coaching team that is Paul Liz and myself had a plan for this. 420.5kg was the goal on the axle and 420.5 is all I had in me. Results are coming in and 420.5kg is the largest deadlift on the day for masters. My log at 130kg had to take the back seat as I still have not had my pec re attached.
