THE "SWEET" SOLUTION TO BUILDING BOARDS

CONNECT, GATHER, SOCIALIZE, PAIR, TASTE

INTRODUCING, CHOCOLATE PROVISIONS BY SCHARFFEN BERGER

Chocolate is not just a solo eating experience; Chocolate is also meant to enjoy, taste and experience with family and friends around the table, at every celebration big and small or around a bonfire, with coffee or bourbon or wine or beer or cheese.

"boards have definitely not peaked. If anything, they are gaining momentum as shareable gourmet snacking experiences. Shared food experiences feed the need for connection that American consumers crave today."
