

BAMBOO TIPI - 6m

PRODUCT SHEET

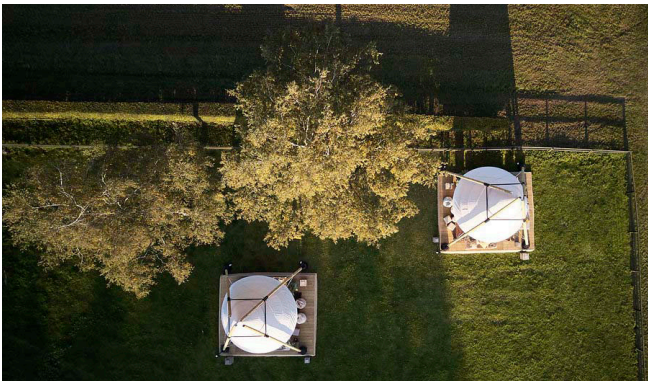

DESCRIPTION

Bamboo Tipis are innovative, cone-shaped tents. This impressive, decorative eye-catching structure is the ideal attention-grabber for any outdoor concept!

MATERIALS

The cone is perfectly centered in between the 4 bamboo poles. The cone is made of beautiful sailcloth and can resist all weather conditions. The bamboo poles are made of handpicked bamboo and interconnected with custom built metal parts.

The structure has a tent book with the necessary certification (except for Germany), and fire certification documentation.

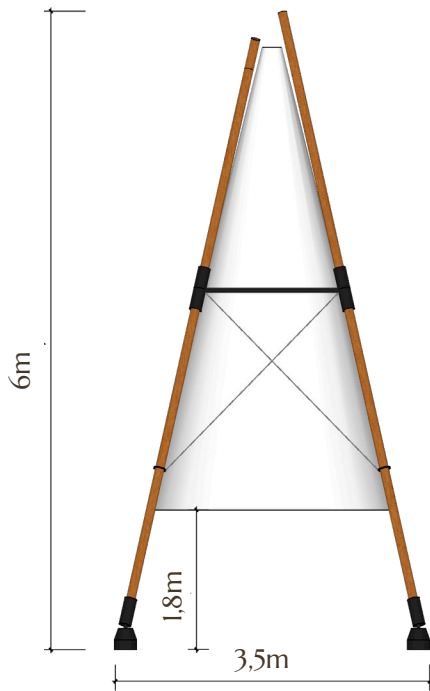

COLORS

The tipi cone is available in ivory or midnight blue sailcloth fabric.

TECHNICAL DRAWING

The Bamboo Tipi is 6m high and the base is 3,5m x 3,5m. The cone is 4,2m high and starts at a height of 1,8m.

The diameter – 12,25m² area.

What's included?

- 4x Bamboo poles
- 4x metal boots
- tension cable set
- 1x sailcloth cone
- 1x scaff tube

What's necessary for build up?

2x self-supported ladders, a build up manual will be provided after the purchase of this tent structure.

If you desire to have the complete structure stand on wooden flooring, a floor of ..m x ..m is recommended.

LONG TERM INSTALLATION

This product is perfectly fit for a long term installation, and needs almost no follow up once it is installed.

WEATHER

If there are winds above 80km/h it is important to keep an eye on the structure. It could be necessary to lower the tipi cone by hand, which is possible through an easy pulling system.
