

LITTLE BELL 2.6

COZY COCOON WITH A DIAMETER OF 2,6 METERS
IN WHICH TWO PEOPLE CAN EASILY KICK BACK

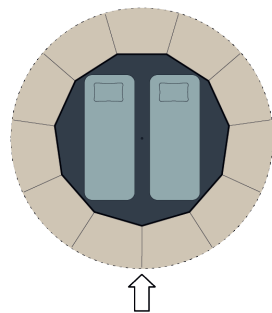

Small but fine interpretation of the iconic bell tent. For those who like cozy cocooning at a diameter of 2,6 meters. It distinguishes itself from its larger siblings by the enlarged entrance. Otherwise, the Little Bell features the same design and attention to detail as the other members of the bell family. Cosy, colourful and extremely stylish.

Setting up takes 15 minutes
