Farm to Flavor Products Since 2002

Handcrafted in small batches, our uniquely American Artisanal Simple Syrups, Extracts, and Bar Mixers reflect the unique flavors and sensibility of Wine Country. Having perfected our "Farm to Flavor" technique, we sustainably harvest the finest ingredients and infuse them into each of our bottles. Our products contain only real botanicals—they're gluten-free, non-GMO, and never contain preservatives, artificial flavors, or colors.

- Simple Syrups: no refrigeration necessary. Bar Mixers: refrigerate after opening.
- Versatile product uses: coffee, tea, sodas, cocktails, baked goods, glazes, snow cones, sorbet, dessert toppings, etc.
- Essential "pantry perfect" ingredients for the home chef, baker, barista and bartender (note: bottles fit standard pour spouts and syrup pumps).

We extend our appreciation to every local farmer, grower, purveyor and individual whose partnership make every batch possible with the fruits of their labor.
