# Handcrafting Farm to Flavor *Since 2002*

*We have been creating Simple Syrup for more than a decade. We still measure and prepare batches by hand in small stainless steel steam kettles and have worked with the same farmers and vanilla bean plantation owners since our beginning. Our mission is to harvest, capture and infuse authentic flavors into every bottle for your perfect celebration and pure pleasure.*

*Our proprietary process of hand-peeling, squeezing, measuring, macerating, infusing and cooking to create our luscious, award winning, sublimely citrusy and aromatic Meyer Lemon Syrup, our very first flavor, remains the same today.*

*We extend our appreciation to every local farmer, purveyor, grower and individual whose partnership make every batch possible with the fruits of their labor.*
