

# CUSTOM SWIMWEAR ORDER GUIDE

Email [TeesCaribbean@gmail.com](mailto:TeesCaribbean@gmail.com) or use the contact form if you have an idea of the type of design you want - any images you can add would be a great start.

For a design you've seen - I will respond to your request as soon as possible with a price and mock-up featuring your customisations.

For a new, unique design - I will reply with questions to find out more before producing designs and pricing.

Once the design is approved by you - I will process the order and send you an invoice unless you've paid online.

## TYPE OF SWIMWEAR

### One-Piece Swimsuit

Let's create a unique all-over print design and stand out from the crowd!

This fully custom one-piece swimsuit is the perfect canvas for your imagination with a cheeky fit and low-scoop back.

### Reversible Bikini Set

Whether you're into bright colours and prints or pastels and animal patterns, I can do it all with this reversible All-Over Print Bikini.

You can have separate designs on the inside and outside of the bikini for two garments in one!

### High-Waisted Bikini Set

This All-Over Print Recycled High-Waisted Bikini will become your go-to swimsuit!

The high-waisted bottoms and removable top pads make it comfortable and flattering for many different body types.

## F.A.Q<sup>s</sup>

To make your swimsuit last longer, thoroughly rinse it off after each use and get rid of any chlorine/salt residue.

Please note that contact with rough surfaces and velcro fasteners should be avoided since they can pull out the white fibres in the fabric, damaging the swimsuit's and bikini's appearance.

All-Over Print Items can take up to 4 weeks from production start to delivery. Designs are printed on a white material which may show through dark colours when stretched.

These products are custom, made-to-order items so non-refundable.
