

Bamboozle

2023 CATALOG

Earth is cluttered with plastic that will last in our landfills and oceans for thousands of years. We all want to transition to sustainability but cannot make the necessary sacrifices.

Our mission is to bring sustainability within reach of every home.

Bamboozle is made with reclaimed machines, renewable ingredients, and biodegradable materials to reduce our impact. Durability, versatility, and dishwasher safety enable customers to effortlessly make a sustainable choice every day.

SUSTAINABILITY IS A JOURNEY.

We are constantly driven by consumer demands and respect for the earth to advance our mission. Through feedback and our efforts to pursue perfection we have been developing the next generation of materials.

Astrik is a leap forward in sustainability and design. Made of 100% plant-based resin that locks away carbon and biodegrades in 2 years. Highly reusable, resilient to drops, safe for dishwashers and microwaves. Speckled with bamboo for an unmistakable natural finish.

A Message from the Designer

I am a *mom* who believes that our children are the greatest *gift*. I created this collection to celebrate these *precious* treasures and to share the *heartfelt* messages we all want to give to our little ones. A *wish* for happiness, a *dream* for joy, *hope* for a better tomorrow, and *faith* that they will *grow* to be all that they can *be*.

Living Heartfully, *Sandra*
