We turn a functional everyday item into an original gift with emotional value. Highest quality handcrafted Swiss knifes meet mountain romance at Panorama Knife. Mountain ranges shaped into blades. Memories shaped into a product. The outdoors to take home.

Swissness - "The real thing!". If the label says Swiss quality, then there's Swiss quality in there! We are very proud of the fact that we are able to manufacture our Panorama Knife products in Switzerland!

Nice to know

- The serrated edges of the blade consist of a mountain range or several mountains
- Handcraftet in the Swiss Alps
- Blades made of surgical steel, handles made of walnut wood
- Thinking of your favorite mountain range panorama? We can do it!
