FAMILY SIZED FUN

‘Into the Bolderness!’ is our work & play philosophy.

Bolder Play is a toy brand committed to designing, developing, and marketing toys that help children to engage in play that is more imaginative, cooperative, and active.

We want to help retailers provide products that encourage these key attributes in children and give parents something that they can feel good about providing for their children.

We help families turn their stairs into slides, doorways into swings, and backyards into limitless playgrounds where fun can happen for countless hours.
