**PROPEL FORWARD**

**SWEEPING ACROSS PLAYGROUNDS AND SIDEWALKS OF THE WORLD IS A MACHINE THAT FEARLESSLY LETS YOU CURVE YOUR WAY**

**ADDICTED TO THE MOTION**

What makes EzyRoller such a blast? It's an addiction to the motion. Like a fish through water or a snake on land, EzyRoller works off an instinctive reptilian movement in all of us. Sitting low to the ground with hands free, the body shouts orders and the legs and feet answer, pushing back and forth against the foot bar.
