JUMPAROO® BOING!™ Pogo by AIR KICKS® (In 2 Sizes)

BOING! BOING! BOING! What makes the sturdy, all-metal JUMPAROO® BOING!™ Pogo stand out from others? First there's the Y-shaped handle with foam grips that offers more hand positions than standard pogos, and greatly increases its control and ease of use. Even klutzy kids can step right on and bounce. The rugged metal spring is completely encased by a steel housing, so there's no possibility of pinching, and all surfaces are rounded for extra safety. Even the rubber "foot" is superior. Its 2" diameter is twice that of most pogos, for greater security and stability. A boon to balance and a great calorie burner, our BOING! is so fun kids don't even realize they're exercising! Ages 6 & Up.

WALKAROO® XTENSIONZ™ 4-PIECE SET #11109

How do you increase the fun factor of our #11110 Stilts? Elevate! That's what these cool, steel accessories allow you to do. They attach securely to the base of #11110 and #11111 WALKAROO® STILTS (2010 model & after), for walking up to 17" off the ground. We include two different styles. One is a simple pair of steel extensions, which gives kids a taller perspective and a little more challenge. The other is made of metal with a special polymer enclosed steel cushion that adds a springy feel to each step, like walking on a trampoline. Both ramp up the rapture of walking on STILTS, one of the great pleasures of childhood which also develops coordination and balancing skills. Package Dimensions: 9" x 6" x 2" (6) **MSRP \$19.99**

WALKAROO® STILTS Wee!

STEEL TUBE CONSTRUCTION

An "Uplifting" Experience! The classic stilt design has been made a whole lot better... easier to learn, easier to use, more ergonomically correct, and more FUN! Traditional stilts are simply straight poles with foot platforms attached to the sides. Unfortunately, the tops of straight poles ride uncomfortably behind the shoulders which forces the upper body to slump forward and hinders balance. Not ours! WALKAROO® have an S-bend which wraps comfortably around the back of your shoulders. Another bend at the foot platform (about 12" above the ground) places your weight directly over the lower pole for vastly improved control. WALKAROO® Balance Stilts also quickly adjust to accommodate anyone from 4' (122 cm) to 6'6" (198 cm) so the whole family can get in on the fun! Great for improving balance and coordination. Made of rugged tubular steel, with a non-marking rubber "foot" which allows for use indoors and out. Steel construction. For advanced stilt walking also purchase our Xtension™ 4 pc. set for more vert. more spring and more FUN! Max rider weight: 228 lbs (100 kgs).

LED DELUXE BUNGEE BOING™ by JUMPAROO® w/ Sound #11162

The LED Deluxe Bungee Boing® foam bouncing pogo is the squeakiest, easiest pogo ever! A perfect "starter" pogo for ages 3 years and up. NOW with Motion-Activated LED lights both handle ends! The soft sturdy foam, a bungee cord in place of a fixed stick, and a comfortable padded handle bar for endless jumping! Goes "squeak!" (And motion-activated LED lights, light up!) with each bounce, encouraging little ones to keep on going! Can be used indoors or out. Pogo sticks are a long-time childhood favorite that are a fun way to expend that endless energy, as well as keep physically active. Pogo jumping exercises a child's endurance, coordination, strength and balance. Ages 3 & Up.

Package Dimensions: 11" x 6.63" x 4.25" (6) MSRP \$24.99

Original DELUXE BUNGEE BOING™ by JUMPAROO® w/ Sound #11161

LED AIR POGO JUMPER DELUXE

BY AIR KICKS™

\$22.50 Cdn., 4 per case

LED AIR POGO JUMPER® DELUXE by AIR KICKS® #11170

So easy — so fun and now SO BRIGHT with LED lights! Kids simply step onto the platform, grip the ball with their feet, start bouncing and when they do the motion-activated LED lights start blinking! They'll jump up and down, bounce up and spin, leap and bound across the room. There's no stopping kids once they've mastered the basics. Not only is it great fun but it also builds strength, endurance, coordination, and balance. The rugged, inflatable ball nestles inside a tough polymer platform, and can be used indoors or out and with the new added LED module for 2016 they can bounce day or night. Fun for kids or adults up to 160lbs. Ages 6 & Up! Package Dimensions: 15.38" x 3.5" x 11.5" (4) **MSRP \$24.99**

AIR KICKS

ANTI-GRAVITY BOOTS

POWERED BY

 PATENTED TECHNOLOGY

AIR KICKS® Anti-Gravity Boots™

Not only do AIR KICKS® Anti-Gravity Boots deliver a soft cushiony motion that's gentle on muscles, joints and body, they also provide a sensational calorie-burning, coordination-building, leg-strengthening workout! Popular for years, recently we've made a great product even better. Our improved wider boot design is more ergonomically shaped so just three sizes (S, M or L) will fit virtually any foot, from 8-year olds to age 60 or more--male or female. And, we've retained all the patented JUMPING JAX® technology that captures and then transforms downward energy into longer, low-impact strides that are gentle on the ankles, knees and back. They still effortlessly fit over variable sizes of athletic shoes, so you DO NOT take off your shoes to use them. Or, if you're away from home, you don't need to store or pack your shoes when using AIR KICKS®. Plus your feet stay cool and dry unlike fixed-size ski-type boots. Non-marking, high-traction treads are safe to use on any surface, indoors or out.

Choose from just 3 styles—from youngsters to young adults to large adults. Then run with AIR KICKS® Anti-Gravity Boots for the thrill of your life:

FINGER
VERSION
INCLUDED!

GEOFLUX® - Interactive Spring Toy In POP Display of 18 #13100

GEOFLUX® magically transforms from what looks like a flat series of rings into a wondrous 3-D sculpture that resembles a giant atom or an example of Earth's magnetic field! Constructed of one continuous band of rugged stainless steel, when you insert your hand through the coiled rings, GEOFLUX® pops open! By raising or lowering your arm, it will spin and twirl up and down, spinning so fast it's a blur of motion. Hold your hands together to transfer GEOFLUX® from one arm to the other, keeping it in perpetual motion. In group settings, it "fluxes" easily from person to person, arm to arm. Or place GEOFLUX® on a long cord (or similar object), lower one end slightly, and watch as it moves along the surface, twirling rapidly. GEOFLUX® folds flat for easy storage in the included travel pouch. Each package includes an added bonus: the exclusive, finger-size MINI GEOFLUX® and a rainbow string to "flux" and twirl it on. Ages 6 & Up. Package Dimensions: 6.75" x 7" x .5" POP Display Dimensions: 11" x 4.75" x 7" (18) MSRP \$13.99

This all NEW dazzling breed of high-tech top makes ordinary tops look like they're still standing still. First there's an exciting light show that displays on the surface it spins on, as well as flashing, multi-colored LED lights. A wild soundtrack of battling intergalactic spaceships accompanies the light show. To set it off, simply attach the winder to the top, twist it several times, and hit the release button. Batteries included. Ages 5 and up!

Package Dimensions: 10.25 x 4.825 x 2.625 (24) **MSRP \$8.99**

LED GEO SWORD

WITH LED LIGHTS & SOUNDS

\$17.00 each, 12 per case

DUELING LED SWORD with Lights & Sounds #10054

GeoSword™ is the first ever super-safe, electronic medieval sword toy that detects motion and makes 9 different realistic battle sounds for action-packed pretend play. As it moves through the air, our GeoSword™ responds instantly with swooshing sounds. Any time the GeoSword™ makes contact with an object, it makes one of a number of clashing sound effects! A special new composite plastic material surrounds the outer edge so it's durable, yet safe for play. Embedded in the GeoSword™ body are super bright LED lights that create special effects during play, day or night! To avoid breakage, sword should not be hit against wood, concrete or other hard surfaces. Requires 3 AAA batteries, not included. Ages 4 & Up. Package Dimensions: 23.82" x 6.89" x 2.56" (12) **MSRP \$17.99**

ILLUMINATOR LED SKI SKOOTER

DUAL LED FOLD-UP SNOWBOARD KICK SCOOTER

COMES WITH 2 LED LIGHTS INCLUDING THE ILLUMINATOR

ILLUMINATOR TWIN LED SKI SKOOTER® Snowboard Kick Scooter (Ass. Green, Blue, Red) #11126

Our ILLUMINATOR TWIN LED SKI SKOOTER® goes beyond all other snow toys by opening up new worlds of exploration for young riders, even in winter low-light conditions. This model has two lights—a small, 3-mode LED Marker Light for safety visibility plus a giant ILLUMINATOR™ LED Head Light with over 750 lumens of power that offers all kinds of colored light options to ILLUMINATE YOUR RIDE! The included remote control allows you to project a 20-mode, multi-color LED light show on the ground ahead of you as you glide through the snow! Stand out from the crowd and play in the snow more safely at dusk and nighttime. Kids stay glued to the LED SKI SKOOTER® thanks to its sturdy folding handle and non-skid surface. Made of monster-tough polyurethane. Slides on flat or hilly snow surfaces as well as on sand dunes. Traveling with SKI SKOOTER® is easy...simply fold down the sturdy handle and carry it by hand or strap it onto a pack. ILLUMINATOR TWIN LED SKI SKOOTER® comes assorted in Green, Blue and Red. Ages 6 & Up. Item Dimensions: 36" x 9.00" x X 5.00" Folded. Requires 3 AAA batteries. **MSRP \$64.99**

SLEDSTERZ® SNOWBOARD (Ass. Purple, Blue, Red) #11130

Snowboarding is a blast, though it can be expensive to equip kids with all the latest gear. Here's a way to get the speed, the excitement, and the adrenaline rush of snowboarding...for a fraction of the cost. Our new SLEDSTERZ® Snowboard is shaped to go fast and make turns on hills in the neighborhood. Riders just hop on (no special boots or bindings required) and start sliding, grasping the built-in leash for stability and balance (and to pull the board back uphill). It's made of a super-strong polymer designed for years of cold-weather fun. Assorted Purple, Blue and Red. Ages 6 & Up.

Package Dimensions: 40.25" x 10.75" x 3.38" (3) **MSRP \$39.99**

DUELING DUO FIGHTERS

CUSTOM 2 GLIDER SET

FLIES UP TO 100+ FEET!
HIGH PERFORMANCE!

Discontinued

Geoglide™ DUELING DUAL FIGHTERS™ #10060

This dual model set comes complete with two Fighters of super durability and multiple wing combinations making them ready for great flying missions or dogfighting duels. Included is a 16-page booklet explaining the aerodynamics of flight and how the 17 different flying surfaces can be adjusted hundreds of times. Just like a modern fighter jet you're the pilot and control the flight. Each time one surface is changed you have a slightly different flying glider for endless control combinations plus real AERODYNAMIC S.T.E.M learning.

There are also 3 ways to launch your DUELING DUAL FIGHTERS™ for flights ranging from a super easy beginner toss or a 3-fingered grip style for more power plus a unique lever-actuated velocity flight with our Easy-Launch Lever System.

With 3 separate sets of wings, you can have 10 different model setups with their own unique look or you can experiment with any combination for hundreds of configurations. These models are made for serious play and superior durability. They are also designed to come apart in a crash or even a possible air to air collision! No matter what happens all you do is plug the wings back in and your ready for more flying action. When your done you can hang and display both from the ceiling with provided hooks. Package Dimensions: 13.00" x 12.20" x 3.35" (6) **MSRP \$39.99**

Geoglide™ SOARING BIRD GLIDERS with 33" WINGSPAN

Both our FREEDOM EAGLE™ & FREEDOM HAWK™ have been professionally sculpted and detailed down to every single feather to make them the most realistic flying bird models ever produced! Our flying TERROR PTERODACTYL™ is detailed using real museum fossil reference from the Jurassic age. All the shapes and lines are to scale and the skin on the body reveals all the muscles in the arms and body.

Both Birds and Pterodactyl are hand-painted and just like in nature, no two are exactly alike. All are carefully shaped in the "glide" position for high flight performance and are made from nearly indestructible, durable EPP foam with a huge lifelike 33" wingspan. They can be assembled in seconds with plug-in wings and tails plus all include a small hook for displaying from the ceiling when not in use.

Flying any of our 3 life-like models is easy. For play around the yard or in smaller areas just grab underneath and give it a throw. With a little more space, like a local park or playfield you can use our Extreme Launcher System to gently launch your model up to 50 feet high where it then automatically disengages so your model can then soar free in flights of 500 feet or more! All this with no batteries required! **MSRP \$39.99**

PUMP ROCKET® MICRO™ SLAM STATION™ Set #12964

\$7.75 each, 12 per case

It's like having a micro-sized Kennedy Space Center in a child's own backyard. Amateur rocketeers can select from two launch protocols when preparing for blast-off of the 3 soft and safe foam rockets. They can either use the hand pump alone, as our MICRO SHOTZ™ does, or mount them atop the cleverly designed launch pad. As Mission Control preps for countdown, kids simply set a rocket onto the Station's launch tube which can be angled in multiple directions, connect the air hose to the hand pump, and get ready for high flyin' action! As kids squeeze or SLAM the pump, a rocket explodes off the launch pad...up to 60 feet into the air!

Ages 3 & Up. Package Dimensions: 12.5" x 10.9" x 2.6" (12) **MSRP \$9.99**

LED PUMP ROCKET® AIR ARCHER™

Get ready for a revolution! Our new AIR ARCHER™, with its flexible, bow-like arm, dramatically increases the power of the PUMP ROCKET® launcher. You won't believe how fast and far these foam rockets will travel. To operate, simply pull back the launcher piston, stretching the elastic bow string attached to the ends of the bow. When it's fully drawn back, let go and... WHOOSH!!!, the rocket goes screaming off into space at near Mach speeds. Okay, maybe a little slower than that, but still impressively fast. Kids will be amazed. Ages 5 & Up.

\$15.50 each, 8 per display

NEW! JUMP ROCKET® DUELING ROCKETS #12812

3, 2, 1...BLAST OFF! Challenge a friend to a rocket launching duel. See who can send their rocket the highest, or furthest in any direction. Our New DUELING JUMP ROCKETS® Set has a large Launch Pad with 2 Swivel Launcher Tubes that will air fire rockets 250 feet up or downrange at the same time! Simply slide the soft safe, foam JR Rockets onto each Swivel Launcher Tube, count down and simultaneously jump and land on the Air Pumps to launch. Watch both Rockets BLAST OFF! The DUELING JUMP ROCKETS® Set is made for tandem rocket launches, but it can also be used solo by one child. Our patent pending unique and newly designed Launch Tube can swivel in any direction so the rockets can also be launched at all angles and directions. The DUELING JUMP ROCKETS® Set is easy to use, and is 100% kid-powered! Kids will have hours of fun playing with our Jump Rocket range, and they will also get some exercise each time they jump on the pump and chase down the rockets.
 Set includes 2 Air Pumps, 2 Swivel Launch Tubes, Launch Pad and 6 Foam JR Rockets.
 Recommended for ages 4 and up. Package Dimensions: 10" x 8.5" x 4" (12)
MSRP \$24.99
