COMES WITH
2 LED LIGHTS
INCLUDING THE ILLUMINATOR

ILLUMINATOR TWIN LED SKI SKOOTER®

Snowboard Kick Scooter (Ass. Green, Blue, Red) #11126

Our ILLUMINATOR TWIN LED SKI SKOOTER® goes beyond all other snow toys by opening up new worlds of exploration for young riders, even in winter low-light conditions. This model has two lights — a small, 3-mode LED Marker Light for safety visibility plus a giant ILLUMINATOR™ LED Head Light with over 750 lumens of power that offers all kinds of colored light options to ILLUMINATE YOUR RIDE! The included remote control allows you to project a 20-mode, multi-color LED light show on the ground ahead of you as you glide through the snow! Stand out from the crowd and play in the snow more safely at dusk and nighttime. Kids stay glued to the LED SKI SKOOTER® thanks to its sturdy folding handle and non-skid surface. Made of monster-tough polyurethane. Slides on flat or hilly snow surfaces as well as on sand dunes. Traveling with SKI SKOOTER® is easy... simply fold down the sturdy handle and carry it by hand or strap it onto a pack. ILLUMINATOR TWIN LED SKI SKOOTER® comes assorted in Green, Blue and Red. Ages 6 & Up. Item Dimensions: 36" x 9.00" x X 5.00" Folded. Requires 3 AAA batteries. **MSRP \$69.99**

Not available in Canada.

SLEDSTERZ® SNOWBOARD (Ass. Green, Blue, Red) #11130

2024 price will be determined around Aug./24.

Snowboarding is a blast, though it can be expensive to equip kids with all the latest gear. Here's a way to get the speed, the excitement, and the adrenaline rush of snowboarding... for a fraction of the cost. Our new SLEDSTERZ® Snowboard is shaped to go fast and make turns on hills in the neighborhood. Riders just hop on (no special boots or bindings required) and start sliding, grasping the built-in leash for stability and balance (and to pull the board back uphill). It's made of a super-strong polymer designed for years of cold-weather fun. Also available in Black (#11143), and Purple (#11144). Ages 6 & Up. Package Dimensions: 40.25" x 10.75" x 3.38" (3) **MSRP \$49.99**

WORD SPIN®

The Original, Award Winning
MAGNETIC Word Game!

WORD SPIN®

Deluxe Edition #82501

The WORD SPIN is the original Award-Winning Magnetic Spin Game that combines the best elements of many popular word games and crossword puzzles! Simple enough for children to play, yet challenging enough for college professors! This Deluxe FAMILY EDITION game includes 20 MAGNETIC wheels that are divided equally among players. The wheels can be spun, switched and re-arranged in any order to form high point value words. The more complex the word, the higher the points! The wheels click back together, thanks to the magnets inside. Each 1.5-inch (diameter) wheel has 10 letters and each letter has an assigned point value. Play many different games with 2 or more players or teams. Game booklet with instructions, timer and score pad is included. For Ages 8 and up. Package Dimensions 11" x 9" x 2" (12) **MSRP \$39.99**

WALKAROO STILTS

XTENSIONZ

WALKAROO® XTENSIONZ™ 4-PIECE SET #11109 \$16.50 each, 6 per case

How do you increase the fun factor of our #11110 Stilts? Elevate! That's what these cool, steel accessories allow you to do. They attach securely to the base of #11110 and #11111 WALKAROO® STILTS (2010 model & after), for walking up to 17" off the ground. We include two different styles. One is a simple pair of steel extensions, which gives kids a taller perspective and a little more challenge. The other is made of metal with a special polymer enclosed steel cushion that adds a springy feel to each step, like walking on a trampoline. Both ramp up the rapture of walking on STILTS, one of the great pleasures of childhood which also develops coordination and balancing skills. Package Dimensions: 9" x 6" x 2" (6) **MSRP \$19.99**

WALKAROO[®] STILTS

STEEL TUBE CONSTRUCTION

Wee!

An "Uplifting" Experience! The classic stilt design has been made a whole lot better... easier to learn, easier to use, more ergonomically correct, and more FUN! Traditional stilts are simply straight poles with foot platforms attached to the sides. Unfortunately, the tops of straight poles ride uncomfortably behind the shoulders which forces the upper body to slump forward and hinders balance. Not ours! WALKAROO[®] have an S-bend which wraps comfortably around the back of your shoulders. Another bend at the foot platform (about 15° above the ground) places your weight directly over the lower pole for vastly improved control. WALKAROO[®] Balance Stilts also quickly adjust to accommodate anyone from 4' (122 cm) to 6'6" (198 cm) so the whole family can get in on the fun! (Great for improving balance and coordination. Made of rugged tubular steel, with a nonmarking rubber "foot" which allows for use indoors and out. Steel construction. For advanced stilt walking also purchase our "DanceItz"™ 4 pc. set for more vert, more spring and more FUN! Max rider weight: 220 lbs (100 kgs).

FULLY ADJUSTABLE

WALKAROO[®] WEE STILTS -
Red/Blue Assort. by AIR KICKS[®] #11113

Our WEE[™] Balance Stilts are made of rugged tubular steel just like our standard steel stilts for big kids and adults. But these are designed and engineered for small tykes as young and short as a 3 year old. And these stilts also adjust as kids grow taller and are ready for our standard WALKAROO[®] STILTS (#11110 or #11112). Special foot design makes easy balance movement possible as well as adjusts from 10" to 15" off the ground. Available colors include #11114 Blue, #11115 Red, and #11113 Assorted Red and Blue. Ages 4 & Up. Package Dimensions: 30" x 7.75 x 3.5" (6) **MSRP \$49.99**

EASY BALANCE
DESIGN!

WALKAROO[®] STILTS Wee! Lite

ALUMINUM TUBE CONSTRUCTION

WALKAROO[®] WEE LITE STILTS - Aluminum by AIR KICKS[®] #11116

Now even lighter and more maneuverable than our previous model, the all-aluminum WALKAROO[®] Wee Stilts is compact enough let children as young as 3 years old experience all the wonder and exuberance of stilt walking. As kids grow, simply lengthen the adjustable tubes. The soft foam grips are at waist height for greater control and comfort. Non-slip, non-marking foot pads inspire confidence on all surfaces. Leg height adjusts easily from 10" to 15", so kids can control the thrill factor. Maximum walker weight: 110 lbs. Ages 4 & Up. Package Dimensions: 23.25" x 6.75" x 3" (6) **MSRP \$39.99**

\$33.00 Cdn. each, 6 per case

JUMPAROO® BOING!™ Pogo by AIR KICKS® (In 2 Sizes)

BOING! BOING! BOING! What makes the sturdy, all-metal JUMPAROO® BOING!™ Pogo stand out from others? First there's the Y-shaped handle with foam grips that offers more hand positions than standard pogos, and greatly increases its control and ease of use. Even klutzy kids can step right on and bounce. The rugged metal spring is completely encased by a steel housing, so there's no possibility of pinching, and all surfaces are rounded for extra safety. Even the rubber "foot" is superior. Its 2" diameter is twice that of most pogos, for greater security and stability. A boon to balance and a great calorie burner, our BOING!™ is so fun kids don't even realize they're exercising! Multiple colors available in both Medium (PRO 60-100 lbs) and Large (MAX 90-160 lbs) sizes.

LARGE GEOFLUX® - Interactive Spring Toy
in POP Display of 18 #13100

\$12.50 Cdn. each,
18 per display

GEOFLUX® magically transforms from what looks like a flat series of rings into a wondrous 3-D sculpture that resembles a giant atom or an example of Earth's magnetic field! Constructed of one continuous band of rugged stainless steel, when you insert your hand through the coiled rings, GEOFLUX® pops open! By raising or lowering your arm, it will spin and twirl up and down, spinning so fast it's a blur of motion. Hold your hands together to transfer GEOFLUX® from one arm to the other, keeping it in perpetual motion. In group settings, it "fluxes" easily from person to person, arm to arm. Or place GEOFLUX® on a long cord (or similar object), lower one end slightly, and watch as it moves along the surface, twirling rapidly. GEOFLUX® folds flat for easy storage in the included travel pouch. Ages 6 & Up. Package Dimensions: 6.75" x 7" x .5" POP Display Dimensions: 11" x 4.75" x 7" (18) **MSRP \$14.99**

GEOSPHERE[®] INTERACTIVE PUZZLE LAMPS

GEOSPHERE[®] INTERACTIVE PUZZLE LAMPS

It's a puzzle... a lamp... and stylish modern art all in one! Kids, teens and adults can't wait to get their hands on these simple, yet challenging buildable puzzle spheres to create dozens of different shaped modern lampshades. Build them, then hang or place them anywhere in your house, office, dorm, or outdoor space to enhance your space with brilliant ambient LED lighting. Everything you need is included!

Most sets contains 30 puzzle pieces. Choose from two power source options: a corded (plug-in) A/C powered LED bulb, OR the Illuminator™ Battery Powered Wireless & Waterproof LED Puck Light. Both power options include a 20-mode wireless remote for 20 different color lighting modes. All Kits (except 14011) include a hanging cord and full instructional manual, illustrating how to assemble the various possible building configurations with the puzzle pieces.

Available in either all white puzzle pieces, or assorted color puzzle pieces (Rainbow versions).

Kids may need adult assistance constructing their puzzle lamp.

POP 'N' CATCH® #12512

POP 'N' CATCH® is a fun outdoor game suitable for the whole family. Play anywhere including the beach or pool, as all components are waterproof! Keeps kids and adults active, and is also excellent for improving eye-hand coordination. Place the lightweight ball into the basket, pull the trigger, and watch as the ball shoots up in the angle and direction you aim. One person can fire it straight up and then try to catch it with a scoop of the basket, or two people can volley back and forth. Made of long-lasting, non-marking polymers. Includes two balls and two launchers so two can play. Ages 3 & Up. Package Dimensions: 6.22" x 5.43" x 5.43" (24) **MSRP \$11.99**

SNAP 'N' GO™ LED HOOP #12132

Popular since the 1960s, hoop toys never go out of style, but they can be hard to store and take with you. We've solved that issue by creating a hoop made up of 7 festively colored segments, attaching easily and securely to make a perfect circle. The Snap & Go Hoop is easy to transport to a family gathering, beach party, or a friend's house. When play time is over, the segments can virtually disappear inside a closet or toy chest until ready to reassemble. 30" diameter. Ages 6 & Up. **Gladiator Soft & Safe 18" Long Dueling Toy Swords 2 Pack
with Motion Activated LED Lights & Battle Sounds #10057**

The all new GLADIATOR GeoSword from Geospace is the latest addition to our family of GeoSword Toy Sword products. This is the first ever state-of-the-art, super-safe, Gladiator-style sword that has motion activated LED lights as well as whooshing and clashing sounds to enhance realistic play action! The GLADIATOR GeoSword detects movement as kids swing it through the air and every time the sword lands a hit. It responds instantly with up to 9 different, random realistic sounds of sword swooshing or clashing. Whenever the GLADIATOR toy swords is moved through the air, it automatically makes various clashing sounds! A special feature of GLADIATOR is the special new composite polymer material that surrounds the outer edge so it's super durable, yet totally safe for mock battles, and active play. Embedded in the GLADIATOR Sword body are 4 super bright blue colored LED lights that create special effects during play, day and night! Recommended for age 4 years & up. The GLADIATOR toy sword requires 3 AAA batteries for the lights and sounds to work (batteries are not included). Package Dimensions: 18" x 3" x 3" (12) MSRP \$29.99

DUELING DUO FIGHTERS

CUSTOM 2 GLIDER SET

FLIES UP TO 100+ FEET!
HIGH PERFORMANCE!

\$22.25 Cdn. each, 6 per case

Geoglide™ DUELING DUAL FIGHTERS™ #10060

This dual model set comes complete with two Fighters of super durability and multiple wing combinations making them ready for great flying missions or dogfighting duels. Included is a 16-page booklet explaining the aerodynamics of flight and how the 17 different flying surfaces can be adjusted hundreds of times. Just like a modern fighter jet you're the pilot and control the flight. Each time one surface is changed you have a slightly different flying glider for endless control combinations plus real AERODYNAMIC S.T.E.M learning.

There are also 3 ways to launch your DUELING DUAL FIGHTERS™ for flights ranging from a super easy beginner toss or a 3-fingered grip style for more power plus a unique lever-actuated velocity flight with our Easy-Launch Lever System.

With 3 separate sets of wings, you can have 10 different model setups with their own unique look or you can experiment with any combination for hundreds of configurations. These models are made for serious play and superior durability. They are also designed to come apart in a crash or even a possible air to air collision! No matter what happens all you do is plug the wings back in and your ready for more flying action. When you're done you can hang and display both from the ceiling with provided hooks. Package Dimensions: 13.00" x 12.20" x 3.35" (6) **MSRP \$24.99**

IMAGINE THE AIR TIME POSSIBILITIES!
10 AIRPLANES VARIATIONS IN ONE!
TOTALLY CUSTOMIZABLE!

Geoglide™ SOARING BIRD GLIDERS with 33" WINGSPAN each,

Both our FREEDOM EAGLE™ & FREEDOM HAWK™ have been professionally sculpted and detailed down to every single feather to make them the most realistic flying bird models ever produced! Our flying TERROR PTERODACTYL™ is detailed using real museum fossil reference from the Jurassic age. All the shapes and lines are to scale and the skin on the body reveals all the muscles in the arms and body.

Both Birds and Pterodactyl are hand-painted and just like in nature, no two are exactly alike. All are carefully shaped in the "glide" position for high flight performance and are made from nearly indestructible, durable EPP foam with a huge lifelike 33" wingspan. They can be assembled in seconds with plug-in wings and tails plus all include a small hook for displaying from the ceiling when not in use.

Flying any of our 3 life-like models is easy. For play around the yard or in smaller areas just grab underneath and give it a throw. With a little more space, like a local park or playfield you can use our Extreme Launcher System to gently launch your model up to 50 feet high where it then automatically disengages so your model can then soar free in flights of 500 feet or more! All this with no batteries required! **MSRP \$29.99**

Original JUMP ROCKET® #12912

Jump it UP! Thump it UP! WAY UP! How far? How about the height of a 30-story building! Simply slide the safe, foam JUMP ROCKET® onto its launching pad, jump up and land on the hemisphere-shaped air pump, and watch it BLAST OFF...to a height of up to 300 feet! It couldn't be easier, simpler or more FUN. Kids even get some exercise too, every time they jump on the pump. We've improved the technology with our PATENTED Thrust Booster, doubling the flight distance of previous versions. For junior astronauts and parents who want to amaze all the neighbors. Includes air pump, launch pad and 3 soft foam rockets. Ages 4 and up. Package Dimensions: 11" x 10" x 3.5" (10) **MSRP \$17.99**

AIM, PULL & LAUNCH IT!

**FLIES UP TO
150 FEET!**

\$8.25 Cdn. each,
25 per case

**PUMP ROCKET® BUNGEE BLAST® JR
POP of 25 #12991**

Standard PUMP ROCKETS® are a rollicking blast to fire. But our new BUNGEE BLAST® JR ramps up the fun and excitement by an order of magnitude. We've engineered a patented elastic bungee cord inside the pump cylinder to turbo boost the launching power. Load a foam rocket into one end and pull back the cylinder, feeling the increasing tension of the cord inside. Then let go. Kids will be amazed as the stored energy of the cord pushes the piston of air very forcefully, blasting the rocket out at hyper-speed. It's like putting a turbo-charger inside! Ages 3 & Up. POP Floor Display Dimensions: 28.25" x 9.5" x 9.5". Package Dimensions: 27.5" x 2" x 2" (25) **MSRP \$9.99**

**NEW! 2-IN-1 JUMP ROCKET TRIPLE SHOT
Multi-Launcher Hand Aim or Stomp Launch Rocket Set
with 4 Safe Foam Rockets #12988**

Our NEW Jump Rocket Triple Rocket Launcher Set is unique from others on the market because it is the first ever 2-in-1 Multi-Launcher Rocket System. Kids will literally have a "blast" by either ground placed rocket launching or hand aim rocket launching! The base (legs) of the launcher detach, and the hand held attachment can be locked into the base of the launcher so kids can aim the foam rockets at any target they choose! This feature allows kids to dual with each other by firing the safe foam rockets (requires 2 sets of Jump Rockets) at their opponent. For ground launch, place the rocket launcher on a flat surface then Jump, Thump, Stomp and Launch them into orbit using the Air Bladder! The rocket launcher is adjustable to 3 different launch degrees from vertical to a 45 degree angle. Each rocket will fire separately with each jump or stomp on the bladder. Once all rockets have been launched, retrieve them and place them back on the launch tubes. Additional rockets are also available for purchase (#12989). Package Dimensions: 9" x 4.5" x 7.5" (12) **MSRP \$19.99**

JUMP ROCKET® DUELING ROCKETS #12812

3, 2, 1...BLAST OFF! Challenge a friend to a rocket launching duel. See who can send their rocket the highest, or furthest in any direction. Our New DUELING JUMP ROCKETS® Set has a large Launch Pad with 2 Swivel Launcher Tubes that will air fire rockets 250 feet up or downrange at the same time! Simply slide the soft safe, foam JR Rockets onto each Swivel Launcher Tube, count down and simultaneously jump and land on the Air Pumps to launch. Watch both Rockets BLAST OFF! The DUELING JUMP ROCKETS® Set is made for tandem rocket launches, but it can also be used solo by one child. Our patent pending unique and newly designed Launch Tube can swivel in any direction so the rockets can also be launched at all angles and directions. The DUELING JUMP ROCKETS® Set is easy to use, and is 100% kid-powered! Kids will have hours of fun playing with our Jump Rocket range, and they will also get some exercise each time they jump on the pump and chase down the rockets. Set includes 2 Air Pumps, 2 Swivel Launch Tubes, Launch Pad and 6 Foam JR Rockets. Recommended for ages 4 and up. Package Dimensions: 10" x 8.5" x 4"
 (12) MSRP \$22.99

NEW! 3D IMAGINATION ART TWISTY STIXS
Building Kit for Kids Create Amazing Designs with Unique Twisting Rods (75 pcs) #80680

Create amazing 3D Art figures, people, animals, structures, shapes or anything else your mind can think of with our all new Twisty Stixs from Geospace! Each "Twisty Rod" can be bent, shaped, or coiled into numerous forms; enabling kids to connect them each other, and to the included buckles to create fun imaginative art work! Piece the rods and connection buckles together to build whatever your imagination can think of. When kids are ready to create a new design, simply take them apart and start again! Stimulate kids brains with this toy. This Twisty Rod art set comes 75 individual pieces that includes 28 Twisty Rods in various colors and lengths; and 46 connection buckles that are also in various shapes and colors. 1 instruction book is also included. Recommended for kids Ages 6 to 12. Package Dimensions: 10" x 7" x 2.25"

JUMP ROCKET BUILD & BLAST

ROCKET BUILDING KIT

FLIES UP TO 125 FT!

A COMPLETE MULTI-ROCKET KIT!
INCLUDES EVERYTHING YOU NEED!

JUMP ROCKET® BUILD 'N' BLAST™ ROCKET BUILDING KIT #12981

Attention all Rocket Scientists in training, please report for Rocket Building class! The only thing better than launching rockets is building them first and this S.T.E.M. approved kit has you covered. With our complete rocket crafting kit containing over 40 components you can safely design, build and fly 8 unique air-powered paper rockets. See who can build the best one! Then compete to see who can launch it the farthest with the JUMP ROCKET® approved air-powered system! Contains everything you need. Easy to follow assembly instructions included. This toy is S.T.E.M. approved and is excellent for learning. Ages 4 & Up.
Package Dimensions: 11" x 10" x 2" (12) **MSRP \$9.99**

MSRP \$7.99

\$7.50 Cdn. each, 12 per case

JUMP ROCKET® DISTANCE MAXX™ #12304

How far can it fly? How close to the target? Can it scare the dog? These are the questions kids can answer with our new Jump Rocket Distance Maxx. Tremendous distances (up to 125') are easily flown with this baby, thanks to the ingenious launch "pad." Kids leap up and jump on the rubber bladder, which expels air into a tube, powering the foam-tipped rocket. Junior astronauts have a blast adjusting the angle of the rocket (up to 60 degrees), either for height or distance. Ages 3 & Up. Package Dimensions: 10.5" x 8.5" x 3.25" (12) **MSRP \$8.99**

SLAP ROCKET™ #12954

Slap it with your hand. Slam it on the ground. Either method powers the foam rockets into the air with blazing speed... up to 50 feet high! The Slap Rocket has a unique launching system that kids find endlessly entertaining. They simply load one of three included soft, safe foam rockets onto the launcher, grasp it firmly, and use their other hand to either push or slap the soft plastic "bellows" plunger at the base. For even longer flights, slam the plunger onto any firm surface. Ages 3 & Up. Package Dimensions: 15" x 8.25" x 2.25" (24) **MSRP \$9.99**

PUMP ROCKET FINGER FLINGER

FLIES OVER
80FT!

SLAP IT...
SLAM IT...

FINGER FLINGER™ #12401

Our new Finger Flinger is a modern update of the slingshot that's fun for target practice and play. The projectile is a soft, safe sleek foam rocket that can fly over 80 feet! In the nose of the rocket is a thick rubber band with a loop on the end. Simply insert a fingertip into the loop, then draw back the launching band, and...whoosh...the rocket takes off in a fury. Rugged construction and built-in flotation makes it perfect for pools or lakes. Because the launcher is permanently attached to the rocket, it can't get lost and is ready for use at a moment's notice. Ages 6 & Up. Package Dimensions: 11" x 4" x 1.12" (24) **MSRP \$3.99**

LED PUMP ROCKET® AIR ARCHER™
Get ready for a revolution! Our new AIR ARCHER™, with its flexible, bow-like arm, dramatically increases the power of the PUMP ROCKET® launcher. You won't believe how fast and far these foam rockets will travel. To operate, simply pull back the launcher piston, stretching the elastic bow string attached to the ends of the bow. When it's fully drawn back, let go and...WHOOSH!!!, the rocket goes screaming off into space at near Mach speeds. Okay, maybe a little slower than that, but still impressively fast. Kids will be amazed. Ages 5 & Up.

\$15.00 Cdn. each, 8 per case
