Too Many  
AWARDS  
to LIST!!!

Triassic Triops® brand eggs are the only Triops eggs harvested in biologist-staffed green houses. The green houses, water, animals and eggs are inspected by the United States Department of Agriculture (USDA) by their private USDA-approved scientists annually. We have taken extreme measures to become socially and environmentally compliant.

## Just Look™ (JL SCP)

A palm-sized, LED illuminated microscope that lets you explore the small details of the world around you. This is truly the easiest to use, most compelling, and monstrously fun scope you can get into pint-sized hands. Warning! Your life will be 10x stranger and 10x more interesting when everything becomes 10x bigger!

(discontinued)

See On The Right Track pricelist for more items available.

## Triassic Triops® with Space Age Tank (SAT TRI)

(discontinued)

Raise descendants of Triops that were studied on the Space Station! Grow the creatures that time forgot!

### Kit includes:

- A space age tank with locking observation chambers
- Magnifying lens • Built-in hatching dish • Eggs • Food • Thermo-strip
- Pipette • Instructions

## Fish in a Jiff™ (KIL JIF)

(discontinued)

Marvel at the fastest-growing fish in the world, growing from egg to adult in just 6 weeks! The Killifish eggs used in our kit are from the same family of Killifish eggs that were studied by NASA on the Space Station. Just add bottled water and a light source to watch them spring to life in just a few hours!

### Kit includes:

- A space age tank with locking observation chambers • Redemption card for rapid hatch fish eggs and food • Thermo-strip
- Pipette • Instructions

Discontinued

## The Secrets of Pangaea Mountain (PN MT)

This exciting kit includes a story told through two children, Rocky and Crystal, and a charming professor, G.O. Stone. The kit is a captivating way to teach children about fossils, minerals, earth science, and dinosaurs. Pangaea Mountain consists of a storybook, a miniature mountain containing a wide range of rocks, fossils, and the "Living Dinosaur" (Triops eggs), goggles, and digging tools. As the story unfolds, children can uncover the rocks one at a time, using the provided tools, and a photo identification chart. This kit keeps children looking forward to each new discovery as they develop a new appreciation for the natural world preceding and surrounding them.

See On The Right Track  
pricelist for more items  
available.

### Triassic Triops® DLX (DLX TRI)

Discontinued

Learn while having fun growing amazing Triops that date back to the era of the dinosaur. This kit contains everything you need to grow, observe, experiment and document the life cycle of this amazing creature. Just add water and the fun begins!

**Kit includes:**

- Triops eggs

### Triassic Triops® Hanging Box (HG CT)

T93021, \$5.75 each, 12 per case

This Triassic Triops® kit allows you to hatch, grow and study the behavior of an amazing creature that hasn't changed in a million years. It's easy! Just fill your tank with water, add your eggs, and watch your Triops hatch and grow.

**Kit includes:**

- Triops eggs
- Adult & Baby food
- Instructions
- Thermostrip
- Pipette

### Triops Countertop Display (CT TRI)

Discontinued

Everything you need to grow Triops two or more times is included in our colorful envelope. This kit can be sold alone or as a refill for any of our larger kits.

**Kit includes:**

- Triops eggs
- Adult & Baby food
- Instructions
- Thermostrip
- Pipette

### Triops Hatchery™ (HAT TRI)

Discontinued

Contains enough eggs to hatch 5 times. Fill the included hatchery dish with bottled spring water, and tap in a few of the cultured eggs. Your ancient Triops will hatch in 24 hours, double their size daily and perform amazing "aquabatics". They breathe through their feet, and swim upside down!

**Kit includes:**

- Hatching dish
- Triops eggs
- Adult & Baby food
- Pipette
- Instructions
- Thermostrip
- Magnifying glass

(T93020, \$12.50 each, 12 per case)

### Triassic Triops® (TR TRI)

Triassic Triops permits you to hatch, grow and study the behavior of an amazing creature that hasn't changed in a million years. Just fill the hatching dish with spring water, add the gravel and eggs, and watch them hatch. Transfer your growing Triops to the bean-shaped tank, and observe how they grow up to 50 times larger than their eggs. Up to 2 inches!

**Kit includes:**

- Hatching dish
- Triops eggs
- Food
- Gravel
- Thermostrip
- Bean-shaped tank
- Pipette
