TECHNICAL DATA SHEET

**Antiquax Marble Wax**

MW100 and AXMW250

<b>Type</b>	A very high quality fragranced polish based on premium performance waxes including carnauba and beeswax, reinforced with a blend of hydrocarbon waxes to aid application and improve durability. This product is colourless and does not affect the colour of the surface to which it is applied.
<b>Intended Use</b>	For use on polished marble, stone or slate surfaces. Avoid use where increased surface slip is likely to be hazardous.
<b>Special Features</b>	Easy to apply. Can buff to high levels of sheen. Provides a long lasting durable wax finish. Helps remove stains and general contamination including oils, nicotine, dust and dirt. Enhances treated surfaces. Returns polished stone to its original lustre. Silicone free.
<b>Preparation</b>	The surface must be clean and dry. Antiquax Marble Wax may be used on previously waxed surfaces.
<b>Application</b>	Apply sparingly, using a soft cloth, in a circular motion. Work into the surface and allow to dry to a light haze. Remove by polishing in a circular motion using a clean dry cloth.
<b>Coats</b>	One application should be sufficient.
<b>Drying Time</b>	Quick drying.
<b>Re-coating Time</b>	Re-apply if required after a few minutes.
<b>Application Temp.</b>	Ideally 15-25°C
<b>Coverage</b>	N/A
<b>Maintenance</b>	Re-apply as required.
<b>Compatibility</b>	Compatible with all polished stone, slate and marble. Note: Antiquax Marble Wax increases surface slip.
<b>Settlement</b>	N/A
<b>Shelf-life/Storage</b>	A very long time if stored in original sealed container in a cool dry place.
<b>Hazards</b>	Flammable. Keep out of reach of children. Keep Container tightly closed. Keep away from all sources of ignition. No smoking. Full Health & Safety Data is available on request or from <a href="http://www.antiquax.co.uk">www.antiquax.co.uk</a>
<b>Clean-Up</b>	Hands and application cloth may be cleaned in warm soapy water.
<b>Sizes</b>	100 and 250 ml tins
