on the back panel.

WHY CARS HAVE BEEN CLEANED THE SAME WAY FOR THE LAST 50 YEARS REMAINS PUZZLING TO ME, AFTER ALL YOUR CAR'S PAINT IS LIKE SKIN. IT HAS PORES LIKE SKIN. IT BREATHES LIKE SKIN. IT NEEDS TO BE FED LIKE SKIN. THE AMMO APPROACH ISN'T TO TEAR DOWN, IT IS TO BUILD UP. AMMO IS ABOUT LAYERS. LAYERS OF PROTECTION. AMMO NYC IS THE FIRST COMPLETELY FUSSY CAR CARE COMPANY. LEARN TO PAMPER YOUR CAR AS YOU WOULD ANY THOROUGHbred THAT'S RIDDEN TO THE EDGE OF COMBUSTION. – LARRY KOSILLA

AMMO SKIN is a sticky polymer-based sealant designed to protect your paint and increase its shine. Made for a drive on a hot afternoon under a bright blue sky. For those days when right or left means nothing. You're driving just to drive. Go until the sun sets and the sky rises infinitely starry above you. AMMO SKIN is about "the drive". It's made for people who care about the way their car looks, as much as its performance. For a feast of information and helpful videos, visit ammonyc.com.

DIRECTIONS 1. Paint must be clean, dry, and cool. 2. Apply out of direct sunlight, one panel at a time. 3. After 1-3 minutes, remove with a microfiber towel and start the next panel. **NOTE:** Add two layers of SKIN for increased protection and shine. SKIN should be applied four times per year. **SHAKE WELL. DO NOT FREEZE.**

⚠️ DANGER: HARMFUL OR FATAL IF SWALLOWED. COMBUSTIBLE.

Contains Petroleum Distillates. Do not use near heat or open flame. Avoid contact with eyes. In case of contact with eyes, flush thoroughly with water.
