WHY CARS HAVE BEEN CLEANED THE SAME WAY FOR THE LAST 50 YEARS REMAINS PUZZLING TO ME, AFTER ALL YOUR CAR'S PAINT IS LIKE SKIN. IT HAS PORES LIKE SKIN. IT BREATHES LIKE SKIN. IT NEEDS TO BE FED LIKE SKIN. THE AMMO APPROACH ISN'T TO TEAR DOWN, IT IS TO BUILD UP. AMMO IS ABOUT LAYERS. LAYERS OF PROTECTION. AMMO NYC IS THE FIRST COMPLETELY FUSSY CAR CARE COMPANY. LEARN TO PAMPER YOUR CAR AS YOU WOULD ANY THOROUGHbred THAT'S RIDDEN TO THE EDGE OF COMBUSTION. – LARRY KOSILLA

AMMO TITAN 12 is a strong, safe degreaser used on paint, engines, and interior oil-based stains. Commonly used on door jambs, wheel wells, and parts of the vehicle where heavy road oils come in contact with the paint. Get out the maps (turn off the GPS, reading maps is like tacking into the wind). Charting a course linking a series of tiny dirt roads. Splintered sunlight through the windshield. Out of the flats and into the mountains. Winding through a forest that shoots towards the sky. **AMMO TITAN 12** is about "the drive." It's made for people who care about the way their car looks, as much as its performance. For a feast of information and helpful videos go to ammonyc.com.
