AMMO - HYDRATE PRO - PAINT MOISTURIZER - DRIVE+ PROTECT - 16 FL OZ - 473 mL - 20220111 (z1)

**AMMO HYDRATE PRO** is a pro-level paint moisturizer that contains REFLEX PRO and is so thick and lubricating that it won't go through a spray-trigger. Use **AMMO HYDRATE PRO** after you've washed a coated or uncoated car to lubricate the paint during the drying process to avoid scratches. **AMMO HYDRATE PRO** leaves behind a thin layer of REFLEX PRO coating for maximum protection. For days when you twist the key (no push buttons here). She starts right up, just like old times. The smell of rich fuel fills the air. Ease onto the highway. Pin the throttle. Nothing but smiles. She's still got it. So do you. **AMMO HYDRATE PRO** is about "the drive." It's made for people who care about the way their car looks, as much as its performance. For a feast of information and helpful videos go to [ammonyc.com](http://ammonyc.com).

**DIRECTIONS** 1. Use on wet or dry paint after a FOAM or FROThe Hoseless wash. 2. SHAKE thoroughly and squeeze out of disc cap onto damp MF towel. 3. Wipe in straight lines from top to bottom. 4. Wring out water (if present) and start process over. **TIPS:** If streaking remains, use less **HYDRATE PRO** on towel prior to wiping. Do a final wipe with SPIT or REFLEX PRO Top Coat and a clean MF towel as a last step. Best if used as maintenance for paint previously coated with REFLEX PRO. **SHAKE WELL. DO NOT FREEZE.**

**! WARNING: THIS PRODUCT CAN EXPOSE YOU TO CHEMICALS INCLUDING DIETHANOLAMINE, WHICH IS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER. FOR MORE INFORMATION GO TO [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).**
