for X-Foliate Tips - *J. K. P.*

AMMO X-FOLIATE is a polishing fluid with refined emollients and an extremely long working time that does not dry out or lose its cutting ability. Specifically designed for large stroke dual-action polishers equipped with SHEER CUTTING PAD and WÄFL FINISHING PAD. **X-FOLIATE** can also be applied by hand for seasonal paint cleansing or prior to applying a coating protection. For a feast of information and helpful videos go to ammonyc.com.

DIRECTIONS 1. Prime SHEER or WÄFL pad with X-FOLIATE in concentric circles. (3 or 4 circles should be enough). 2. Massage X-FOLIATE into the pad. Wear clean latex gloves. Do not massage with unprotected skin. 3. Place the primed pad on the paint before pulling the trigger. The speed should be between 2.5-3.5 for best pad longevity. 4. To gently cleanse the paint by hand, apply a few squirts on a microfiber applicator pad and work one panel at a time. Move in straight lines with overlapping motions. **TIP:** For best results, clean each pad with compressed air or a damp microfiber towel after every panel is polished.

! WARNING: COMBUSTIBLE LIQUID.

Contains Petroleum Distillates. Keep away from heat, hot surfaces, sparks, and other ignition sources. No smoking. In case of fire: Use carbon dioxide (CO2), extinguishing powder, foam to extinguish. Use in well ventilated area. Always wear eye and face protection and chemical resistant gloves. Avoid contact with eyes. In case of contact with eyes, flush thoroughly with water. If swallowed, call poison control center, physician, or emergency room immediately. Do not eat or drink when using this product. Causes serious skin irritation or possible allergic reaction. Wash hands with plenty of soap and water after use. Keep out of reach of children. Always use as directed. Do not freeze. Keep container tightly closed and avoid release to the environment. Dispose of contents / container in accordance with local / regional / national / international regulations. For chemical emergency response center, contact 800.535.5053.
