## SWATCHES:

For child's safety, garment should fit snugly.  
This garment is not flame resistant.  
Loose-fitting garment is more likely to catch fire.

In compliance with US Code of Federal Regulations 16 CFR Part 1615 and 16 CFR Part 1616, LAT sleepwear is "tight-fitting" as defined by 1615.1(o) and 1616.2(m).

**WEAR SNUG  
FITTING  
NOT FLAME  
RESISTANT**

In addition, all sleepwear will be sold with attached yellow hangtags and updated back neck labeling so as to meet the requirements as stated by the CPSC that all tight-fitting sleepwear must "bear a hang tag alerting buyers that the garments are not flame-resistant and should be worn snug fitting because loose-fitting garments are more likely to catch fire".
