Bottled

Design Ryuichi Kozeki

まるでボトルのような姿をしたコードレスランプ、Bottled。 重厚なガラスシェードから、柔らかく艶やかで、透明感の あるエモーショナルな光を灯します。 灯りは、明るくするだけでなく場を雰囲気を創り、 時には音楽のように気分を高揚させたりリラックスさせる 力があります。そのために使いやすく美しいフォルムと高い 機能性をロジカルに導き出し、自由に使いやすくしたのが Bottled です。

Bottled is a portable lamp that looks like a bottle, with a heavy glass shade that emits soft, lustrous, transparent and emotional light.

Light not only brightens, but also creates an atmosphere, and sometimes, like music, it has the power to uplift or relax. For this purpose, we have logically derived a beautiful form that is easy to use and highly functional, and made it easy to use freely.

シェードの内側から光を拡散させガラスを透過することで、透明感のある艶やかな灯りを生み出しています。ムラのない光を作るために、ガラス形成後は継ぎ目を丁寧に手作業で消し、内側には特殊な塗装が施されています。

The distinct elegance of the light produced by this lamp is the result of the light being entirely filtered by the lamp's glass shade.

By polishing out the seams in the glass and coating the inside with a special paint, we have achieved a remarkably pristine light that is

pleasing to the eyes.

容易に割れないように、最薄部で5mmという重厚なガラスで強度を極めました。また、発熱も最小限に抑えているため、お子様が触ったりソファの上に置いても安心してご使用いただけます。 Bottled のガラスシェードは美しさだけではなく、

安全性にも気を配っています。

To ensure the lamp does not easily break, glass lamp shade is at least 5 mm thick. The shade does not get hot, making it safe for children to handle and for placing on sofas. The glass shade is designed both safe and visually striking.

| Product name | Bottled Matte Silver | | | |
|--------------------------------|---|------|------|---------|
| Product code | BL002-11S | | | |
| Main materials | Special painted glass, Alminum, | | | |
| | polycarbonate, Sillicone rubber, ABS, etc. | | | |
| Surface treatment | Baked painting (Silver) | | | |
| Dimensions (mm) | Ф100 | | | |
| | Height : 270 (Including charger stand) | | | |
| Weight (g) | 1200 | | | |
| Light source | Ambientec original LED "sunny side up" | | | |
| Dimming level | LOW | MID | HIGH | EX-HIGH |
| Power consumption (w) | 0.05 | 0.25 | 0.75 | 2 |
| Color Warm Color Mode | 1900 | 2000 | 2200 | 2300 |
| ature (K) Original Color Mode | 2400 | | | |
| Battery run time (h) | 200 | 60 | 20 | 8 |
| Charging | USB charging: Approx. 6 hours | | | |
| Power supply | Rechargeable lithium-Ion battery, 3.6V / 5100mAh | | | |
| Waterproofing | IP66 equivalent [®] (Charger stand and USB AC adapter are not waterproof) | | | |
| | ※IP66 : Indicates protection from dust and high-pressure water jets from any direction. | | | |
