LEBRILLOS CERAMIC BOWLS

Lebrillos [pronounced: le-brie-os] are some of the most authentic and traditional ceramic pieces in Spain.

They are beautiful big heavy bowls used to decorate and enhance interior or outdoor spaces.

Our lebrillos are handmade and hand-painted in Granada, and each of them is unique with its own personality.

Currently, our stock comes in two colours: olive green and vintage blue; and two sizes: 44cm and 55cm diameter.

We only stock a very limited number of the lebrillos shown in this catalogue and they will be sold on a first come first serve basis. We are happy to accept orders of out of stock lebrillos but these will need to be made and the production can take a few weeks depending on the time of the year.

Wall mounts and floor stands will be available soon.

For any questions about our products or special requests, please do not hesitate to contact us:

WALL MOUNTS AND FLOOR STANDS

Wall mounts and floor stands are hand-made in iron by the last local artisan in the Moorish district of the Albaycin, using the traditional techniques of forging with an anvil and a hammer. They are strong and solid, able to support any size of lebrillo. They are a work of art exclusively made for El Pepito.

While wall mounts are essential for the decoration of walls, floor stands are great to place the lebrillos leaning at an angle so they are perfectly positioned and secure.

Available for all sizes of lebrillos, sold separately.
