Handyman Cartridge Caulking Gun Type 20 - Adheseal

Features
- Handyman caulking gun
- Steel frame and handle
- Suitable for cartridges

Size	Code
-	GUNCTG/20

Heavy Duty Cartridge Caulking Gun Type 21 - Adheseal

Features
- Premium quality
- Steel handle and frame
- Low gearing ratio for easier gunning
- Anti-ware design for long life
- Suitable for cartridges

Size	Code
-	GUNCTG/21

Twin Cartridge Gun - Adheseal

High quality dual dispensing cartridge gun suitable for the application of medium to high viscosity two part epoxies, polyureas and other products packaged in dual 300ml cartridges.

Size	Code
-	GUNTWIN/KS

Handyman Sausage Caulking Gun Type 1 - Adheseal

Features
- Economy caulking gun for the handyman
- Suits 600ml sausages

Size	Code
-	GUNSSG/1

Trade Sausage Caulking Gun Type 3 - Adheseal

Features
- Trade quality caulking gun designed for the high end user
- Suits 600ml sausages
- Convertible to bulk loading

Size	Code
-	GUNSSG/3

Professional Sausage Caulking Gun Type 5 - Adheseal

Features
- Premium quality caulking gun designed for the professional user
- Heavy duty
- Rubber grips
- Can be converted to bulk loading

Size	Code
-	GUNSSG/5

45cm Bulk Loading Caulking Gun

Professional caulking gun suitable for bulk loading.

Size	Code
-	GUNSSG/BULK

Cordless Sausage Caulking Gun ECG14 - Adheseal

Features
- A professional quality cordless caulking gun
- Suits 600ml sausages
- 2 x long lasting 7.4-volt lithium ion rechargeable batteries
- 2 x speed controls to provide consistent distribution and easy application
- LED light for dark areas
- Carry case

Size	Code
-	GUNSSG/CORD

Cordless Rivet Gun BBR10 - Adheseal

Features
- A professional quality cordless rivet gun
- 2 x long lasting 7.4-volt lithium ion rechargeable batteries
- Variable torque power control
- Torque power up to 850kg
- Stoke length: 18mm
- Performance - 400 pieces 4.8mm rivets per discharging cycle
- LED light for dark areas
- Carry case

Suitable Rivet Sizes	Size
Aluminium	2.4 - 4.8mm
Steel	2.4 - 4.8mm
Stainless Steel	2.4 - 4.0mm

Size	Code
-	GUN/RIVET

PU Foam Handyman Application Gun - Adheseal

Economy PU foam dispensing gun for the handyman.

Size	Code
-	GUNPU/HANDY

PU Foam Tradesman Application Gun - Adheseal

Trade quality PU foam dispensing gun for high volume applications.

Size	Code
-	GUNPU/TRADE

K-1000 Hot Melt Glue Gun - Adheseal

Heavy duty industrial hot melt glue gun for the low to medium user.

Size	Code
-	GUNHOTMELT/K1000

Application Gun Accessories

19mm Sausage Gun Nozzle (10 pack) - Adheseal

19mm nozzle that suits sausage caulking guns.

Size	Code
19mm	NOZL19/10

38mm Sausage Gun Nozzle (10 pack) - Adheseal

38mm nozzle that suits sausage caulking guns.

Size	Code
38mm	NOZL38/10

Silicone Corner Nozzles (3 pack)

Corner nozzle adaptors for 45° silicone caulking applications.

Size	Code
3 Pack	NOZSILCNR

Silicone Nozzle Extensions (6 pack)

Extension nozzle adaptors for silicone caulking applications.

Size	Code
6 Pack	NOZSILEXT

Black Sausage Gun Plunger

Suits Adheseal cordless caulking gun.

Size	Code
-	EQPLUBLK

Opaque Bulk Loading Plunger Kit

Suits Adheseal trade and professional sausage guns only

Size	Code

HTG-Q7 Concrete Grinder - High Tech Grinding

A commercial grade, single phase multi-purpose grinder, honer and polisher. It has multiple speed settings and boasts one of the largest footprints with a single-phase motor.

Specifications
- Voltage: 220-240V single phase
- Working width: 550mm
- Grinding disc: 230mm x 3
- Rotating speed: 450-1680rpm
- Motor: 5.5HP
- Inverter: 7.5HP
- Weight: 165kg
- Extra weight: 30kg x 1
- Water tank: 20L

Size	Code
-	GRINDQ7

HTG-Q9 Concrete Grinder - High Tech Grinding

A commercial grade, three phase multi-purpose grinder, honer and polisher. It has multiple speed settings with a 750mm wide working width making it suitable for large scale jobs.

Specifications
- Voltage: 380-440V three phase
- Working width: 750mm
- Grinding disc: 260mm x 3
- Rotating speed: 450-1950rpm
- Motor: 15HP
- Inverter: 20HP
- Weight: 340kg
- Extra weight: 40kg x 1
- Water tank: 30L

Size	Code
-	GRINDQ9

HTG-IVC-65 Vacuum - High Tech Grinding

A high velocity vacuum designed for use in conjunction with floor grinding and polishing machines.

Specifications
- Voltage: 220-240V single phase
- Power: 2200W
- Suction: 20Kpa
- Airflow rate: 358m3/H / 211 CFM
- Capacity: 65L
- Weight: 50kg
- Noise: 80dba
- Packing size: 82 x 60 x 110 =0.54CBM

Size	Code
-	GRINDVACIVC65

Adiabatic EC2000 HVLP Spray System

A commercial quality HVLP (high volume, low pressure) twin turbine driven spray painting system that is ideal for medium and small scale commercial jobs requiring good speed, great coverage and an excellent finish. The EC2000 does not require a compressor, is light weight, compact and comes with a shoulder carry strap for great versatility and portability. The HVLP system is designed to dramatically reduce overspray and spray clouds producing less waste, easier application and a cleaner environment. It is suitable for liquid paints, spray contact adhesives, latex and many other applications.

Features
- Cloudless - reduces 90% of paint cloud
- Produces hot air for quick drying
- Save up to 40% paint & solvent
- No compressor required
- Environmentally friendly

Technical Specifications
- Two-stage turbine motor
- 600w power
- 240v motor
- C2 type gun with 1 litre cup
- 2.5mt hose (optional 5m)

Size	Code
-	ARG2000

Adiabatic EC3000 HVLP Spray System

A commercial quality HVLP (high volume, low pressure) triple turbine driven spray painting system ideal for medium and small scale commercial jobs requiring good speed, great coverage and an excellent finish. Suitable for continuous use (24hr), it does not require a compressor, is light weight, compact and comes with a shoulder carry strap for great versatility and portability. The HVLP system is designed to dramatically reduce overspray and spray clouds producing less waste, easier application and a cleaner environment. Suitable for liquid paints, spray contact adhesives, latex and many other applications.

Features
- Cloudless - reduces 90% of paint cloud
- Produces hot air for quick drying
- Save up to 40% paint & solvent
- No compressor required
- Environmentally friendly
- Suitable for continuous operation (24hr)

Technical Specifications
- Three-stage turbine motor
- 700w power
- 240v motor
- C5 type gun with 1 litre cup
- 5mt hose (optional 10mt)

Size	Code
-	ARG3000

Megajet Climatic HVLP Spray System

A very powerful industrial performance HVLP (high volume, low pressure) 7x turbine driven spray painting system that is ideal for medium and large scale commercial jobs requiring good speed, great coverage and an excellent finish. The Megajet Climatic is capable of running 4 spray guns at one time, suitable for limitless continuous use, does not require a compressor and has a fitted trolley for easy movability. The Megajet Climatic is designed to dramatically reduce overspray and spray clouds producing less waste, easier application and a cleaner environment, reducing the consumption of paint by up to 40%. It is suitable for liquid paints, spray contact adhesives, latex and many other applications.

Features
- Cloudless - reduces 90% of paint cloud
- Produces hot air for quick drying
- Save up to 40% paint & solvent
- Run up to 4 spray guns at one time
- No compressor required
- Environmentally friendly

Technical Specifications
- Seven-stage turbine motor
- Motor power: 1.5 hp asynchronous
- 220v motor
- Suitable for continuous operation
- C5 type gun with 1 litre cup
- 8mt hose (optional 10mt)
