5. Volume up

# Installation

Mounting ceiling

## Setup your product

Connect CLASSCAM to external power.

Press the Power button for 1 sec to turn on the device.

Or connect the CLASSCAM to the PC/Mac via the supplied USB cable, the device will automatically turn on.

# Use your product

## 1. Video

- Starting the video: The video is controlled by the application and will start once the camera is selected and the video is started in the application. Camera LED will turn on when the video is streaming.
- Pan, tilt and zoom the camera using the controls on the remote control. Press once for incremental or press and hold for continuous pan or tilt. You can also pan and tilt the camera image – first zoom in, and then pan the image or tilt the image. You may also manually tilt the camera itself.
- Saving pan, tilt and zoom settings: It can be saved by long pressing the Preset Zone 1 or 2 of the remote control. After saving successfully, the status indicator will blink blue for 2 seconds.

## 2. Audio

- Volume: Volume Up and Down adjusts PC/Mac volume.
- Mute: Mute microphone with Mute button.

## 3. Connection with Bluetooth remote control:

- CIASSCAM will automatically search remote control's Bluetooth after power-on. If the remote control is found, CIASSCAM can pair and connect automatically with remote control. If the remote control is not found within 3 minutes, please press any key to make the remote control enter pairing mode again.
- The remote control is lost or cannot be found, how to pair a new remote control, you can do the following:  
Touch the Bluetooth button for 3 seconds to clear the paired remote control, CIASSCAM will automatically search and connect to the new remote control.

**Note:** The control distance of the remote control is about 10m (32.8 ft).

## 4 . Advanced AI Technologies

- The CLASSCAM offers Auto-Tracking Camera which can automatically follow each teacher when recording videos and remained zoom into the whiteboard spaces where they are teaching. Once installed, your teachers will be able to launch their Learning software (Zoom, Teams, Meet, etc.) and let our advanced AI technology do the rest. Give your classrooms a virtual PTZ(Pan, Tilt, Zoom) experience on a budget.

**Note:** You can turn off or turn on AI Technology by AI button through the Remote control.

## Button Instructions

	Touch the button and hold for 1 second to power on, and 3 seconds to power off.

4. Do not immerse the device in water or any other liquid. Store the whole device in dry and cool places.
5. Constant high-volume sounds have a negative impact on human hearing.
6. Dispose the packing materials, the whole device, and other electronic components properly.
7. Waste packaging, old electronic products, please classify properly
8. The package and this device contain small components that can be dangerous to children, Please keep the device out of children's reach.
9. The device can be an interference source for other electronic devices and medical equipment.

# Product Information

## Dimensions

- 109 x 75 x 75 mm (H x W x D)  
4.3 x 2.95 x 2.95 inches (H x W x D)

## Weight

- 300g  
10.23ounces

## Camera Specs

- f/2.1 Aperture
- FOV 73°
- UHD 4K resolution
- Frame rate: 30 fps
- 6mm focal length
- Video encoding:  
H.265 / H.264 / MJPEG / YUV
- 5x zoom/EPTZ
- Mirror the video
- Rotate the vertical direction of the video
- Mechanical tilt

## Video Specs

- UHD 4K@30fps  
FHD 1080p@30fps  
HD 720p@30fps

## Power Input

- DC 12V/1A @ 100~240VAC, 50/60Hz

## AI Teaching Technology

- Preset zone setting
- Auto framing for Preset zone
- Out of the Preset zone detection
- Close-up view setting

## Audio Specs

- 360° wideband audio with 16ft(5m) diameter range
- Mute/Unmute control
- Microphone
  - Two omni-directional microphones supporting 16ft (5m) diameter range
  - Sensitivity: -34dB ±3dB
  - Frequency response: 20Hz-15KHz

## System Requirements

- Supported operating systems
  - Windows 7, 8.1, 10
  - Mac OS X 10.15 or higher
  - Chrome OS™
  - Android™ 6.0 or higher
- Support standard audio and video device drivers
  - UAC1.0 audio
  - UVC1.1/1.5 video
  - HID1.11

## Interface

- USB-C port
- DC power port
- Bluetooth 4.2
