

NEXVOO FOCUS

UH15 UC Headset

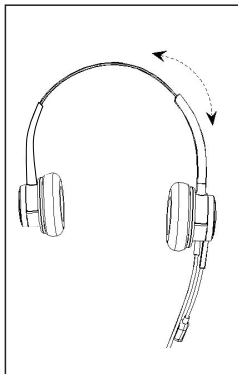

User Guide

1. Outer Configuration

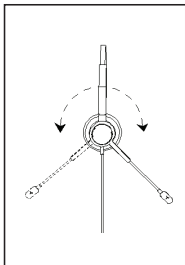

1. 3.5mm Stereo Plug
2. Microphone
3. Gooseneck Mic Boom
4. Ear cover
5. Headband
6. Speaker
7. Swing Boom
8. Clip
9. Adjustable Headband
10. T-Pad

2. Headband

Headband can be adjusted max. at 40mm(monaural) or 80mm(binaural) to meet different people's requirements for comfort wearing.

3

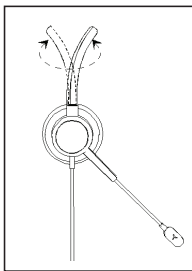

Swing boom is 330°rotatable.

Position the microphone boom to leave a width of 30-50mm between the lower lip and microphone for best communicating position.

Notes:Don't rotate the boom over 330°!

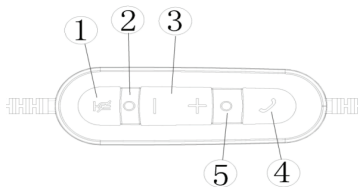

4

Speaker assembly jointed max. at 180° to adjust the ear cushion for comfort wearing.

Do not use headset with high volume for extra long time, which may cause hearing loss. Always listen at a moderate level.

FUNCTION

1. In-line microphone mute: press the mute button to activate mute, press again to de-activate mute
2. Microphone mute LED indicator(red)
3. In-line speaker volume controller: press “+” to increase speaker volume, press “-” to decrease speaker volume
4. In-line hook to answer/end call: press the button to answer the call, press again to end the call
5. Hook LED indicator(blue)

SETUP

Connect the USB adaptor into any USB port on the computer.
 Plug and play, not require software installation.

NOTE

- The in-line hook is specially designed for Microsoft Teams&Skype for Business, it may not be available for other systems.
- You are required to install “Skypeheadset” on your PC if you want to use HOOK function on Skype.
- Please contact with your supplier to get the “Skypeheadset” installation file.
