

beauty Today

We tell you about the latest buzz in the beauty industry!

Azafran's natural handcrafted Australian tea tree bath bar makes fighting recurring acne scarring, hyperpigmentation and blemishes worry-free. While the natural scent and formula have a calming effect, the tea tree oil and soya butter cleanse the skin without stripping it of natural surface oils. The natural soap is indulgent, organic and eco-conscious.

Innisfree's super volcanic pore cleansing oil clears away heavy makeup, excess sebum around pores, black heads and dead skin all at once. The mild daily cleansing oil melts the impurities inside the pores and the volcanic cluster sphere in it features sebum-absorption seven times stronger and is combined with jojoba seed oil.

Nivea's revitalising moisturising cream is a highly effective cream. Treat your skin to the non-greasy formula that comes with vitamin E and jojoba oil and keeps the skin happy and refreshed throughout the day in all seasons.

Oziva's all-new anti-acne range comes with the goodness of phyto niacinamide, phyto salicylic acid and more. The phyto cleanse range helps manage active acne, scars, blemishes and such acne-related concerns. It has a foaming face wash, a water-based serum and a face mask.

Quench Botanics Mama Cica rejuvenating face mist is a great skin pick-me-up and works wonders on breakouts, oiliness or dullness! Enriched with skin soothing and hydrating boosters like cica, Korean ginseng and lotus root, this super-refreshing mist with the goodness of niacinamide tightens pores, controls shine, clarifies and soothes skin.

The Skin Pantry's rejuvenating scrub is created with roasted, ground coffee beans, raw cane sugar, apricot and vanilla oils. These ingredients combine to slough and repair tissue, encourage skin renewal, retain moisture, increase elasticity and minimise stretch marks to reveal silky, glowy, energised skin.

Mystic Valley's hibiscus high noon and amla greens hydrating face wash is a unique combination of ingredients that makes the skin soft, clean and bright. Made from hibiscus flower extracts, essential oils and vitamins, it delivers intense hydration to damaged skin and protects and replenishes lost oils.

Ikkai's C The Glow is an extraordinary range containing face wash, scrub, soufflé creme, dry face oil, face brightening concentrate, is enriched with kakadu plum that is ultra rich in vitamin C, the holy grail of skincare. The powerful antioxidant protects skin cells and helps neutralise harmful free radicals caused by UV exposure.

Trendspotted: Do-It-Yourself

Relying on an aesthetician or dermatologist and hi-tech appliances for your beauty aids is passe! The latest trend to hit the beauty world is to be your own facialist. A DIY facial kit is easy to use. Open it, follow the steps and get a radiant glow at home.

Lotus Organics+ Bakuchiol plant retinol creme SPF 20 is a luxurious day time creme for blurring fine lines, diminishing wrinkles, pigmentation, acne and delivering unparalleled smoothness. It is a hydration treat for all skin types.
