

Human Patient Simulation Network

HPSN

UK & IRELAND 2023

December 13-14, 2023

Doubletree by Hilton Hotel, Nottingham Gateway

sponsored by **CAE**

Wednesday, December 13

Time	Event	Speaker/Session	Location
08:30 – 09:30	Registration – Tea / Coffee		Lobby
09:15 – 09:45	Welcome – Opening Remarks	Jeff Evans, CAE Healthcare	D’Arcy
09:45 – 10:45	Keynote Presentation	Right technology, right place, right time Emily Browne, Midlands Air Ambulance	D’Arcy
10:50 – 11:15	Interactive Stations – Rotation 1	Embody / LearningSpace / Patient Sim – Equip / Patient Sim -AR	Product Showcase
11:20 – 11:45	Interactive Stations – Rotation 2		
11:45 – 12:00	Tea / Coffee		Product Showcase

Time	D’Arcy	Braeburn	Pippin	Rose Garden	Herb Garden	Acorn 1
12:00 – 13:00	Strategic Operations Demonstration – There will be blood	Lessons learnt from the first year of Simulated Placement Learning N Guthrie, Anglia Ruskin University	VR simulation as a method of OSCE assessment: An exploration of learner experiences A Sunderland, Wynnefield Consulting Using AI Language Model to Create Simulation Environments H Meo, Frimley Health NHS Foundation Trust	Live Simulation Simulation Z-A A Wilford, Staffordshire University	Using EPR in our simulation scenarios P Wilder, Frimley Health NHS Foundation Trust	Obstetric Emergency Simulation in an ED S Paine, Royal Bolton Hospital Developing a Major Haemorrhage Checklist for adults using Simulation Train E Smith, Royal Bolton Hospital

Time	Event	Speaker/Session	Location
13:00 – 14:00	Lunch		Product Showcase
14:00 – 14:25	Interactive Stations – Rotation 3	Embody / LearningSpace / Patient Sim – Equip / Patient Sim -AR	Product Showcase
14:30 – 14:55	Interactive Stations – Rotation 4		

Time	D’Arcy	Braeburn	Pippin	Rose Garden	Herb Garden	Acorn 1
15:00 – 16:00	LearningSpace user group meeting	Evolving Simulation: Discussion forum on scaling Simulated Placements for large student cohorts Sim & Skills	Swindon and Wiltshire Innovative Technology Care Hub, The use of simulation to enhance T-Levels and upskill care staff D Panes, New College Swindon A day in the life of a trainee nurse associate E Smith, Royal Bolton Hospital	Live Simulation Joined-up thinking W McCracken / J Davies, CAE / Swansea University	Producing fake wounds with self-mix silicone – a hands on workshop D Blood, University of Surrey	A Realist Review Examining the Contribution of Extended Reality (XR) Immersive Technologies in Clinical Skills and Simulation Based Education to Improving Patient Outcomes R Delpino, UHB Developing ultrasound skills in a cohort of critical care nurses: Impact on clinical service delivery and self-reported assessment of skills P Smith, Royal Papworth Hospital Can VR-Simulation reduce imposter syndrome in Medical Students? S Housden, UEA

Time	Event	Speaker/Session	Location
16:00 – 17:00	Plenary Session	MetaSimCast: Bringing SIMplicity to the complex process of podcasting...live! Lawrence Hill, Anthony Jermy, University of East Anglia	D’Arcy
18:30 – 22:30	Evening Reception	Casino and Cocktails	Product Showcase

Please visit hpsn.com to view abstracts and co-authors. Only first author cited in this programme.

Thursday, December 14

Time	Event	Speaker/Session	Location
08:30 – 09:30	Registration - Tea / Coffee		Lobby
09:30 – 09:45	Welcome – Opening Remarks		D'Arcy
09:45 – 10:45	Keynote Presentation	Back to the Future Joanne Davies, Swansea University	D'Arcy
10:45 – 11:10	Tea and Coffee		Product Showcase

Time	D'Arcy	Braeburn	Pippin	Rose Garden	Herb Garden	Acorn 1	Acorn 2
11:10 – 12:10		Optimising the Manikin's Role in Co-Production A Buttery, Canterbury Christchurch University	Instigating and Developing a Mobile Outreach Skills Clinic for Assessment (OSCA) J Hay, Cheshire & Merseyside Collaborative	Live Simulation Pre-Hospital Scenario Midlands Air Ambulance / Paramedic Group	Producing fake wounds with self-mix silicone - a hands on workshop D Blood, University of Surrey	Implementing INACSL- How to adopt INACSL IV into your simulation practice A Wilford, Staffordshire University	The value of peer debrief in simulation faculty development K Howson, Maudsley Learning, South London and Maudsley NHS Foundation Trust
12:15 – 13:15		Unlocking Advantages and Overcoming Challenges: Integrating an AI-Powered Virtual Patient into the Undergraduate Health Curriculum to Enhance Standardised Patient Experiences J Davies, A Green, Liverpool John Moores, Coventry University	Development and Introduction of a Simulation Study Day to improve the quality of Palliative and End of Life Care delivered in both Hospital and Community Settings R Chadbourn, North Tees & Hartlepool NHS Foundation Trust	Mid-Fi Technical Clinic J Pimley, CAE Healthcare	Video enhanced learning in simulation: Implementing video across Simulation activities to achieve more impactful learning experiences T Lawler, Royal College of Surgeons in Ireland Developing a clamshell thoracotomy model for multidisciplinary simulation training M Voborsky, Royal College of Surgeons in Ireland	StudentSim Wizard : Putting the magic into your designs a faculty and learner perspective A Wilford, Staffordshire University Avoiding training scars and promoting psychological safety in clinical education C Neveu, St Georges University	The role of simulation training and debrief in stimulating discussion surrounding work culture, stressors and clinician wellbeing in a healthcare setting K Howson, Maudsley Learning, South London and Maudsley NHS Foundation Trust

Time	Event	Speaker/Session	Location
13:15 – 14:15	Lunch		Product Showcase
14:15	Close
