

THINGS NEED THEIR PLACE?

# Deploy storage with grace.

The Adaptive Storage Wall is a modular solution that provides versatile and secure personal and office storage, as well as an elegant place to display the things that bring your workplace to life. And with a suite of internal accessories to hold everyday necessities, it's the perfect place for anyone to stash their gear and get down to business.

## KEY FEATURES

High Integrity

Modular

Easy To Install

Personalization

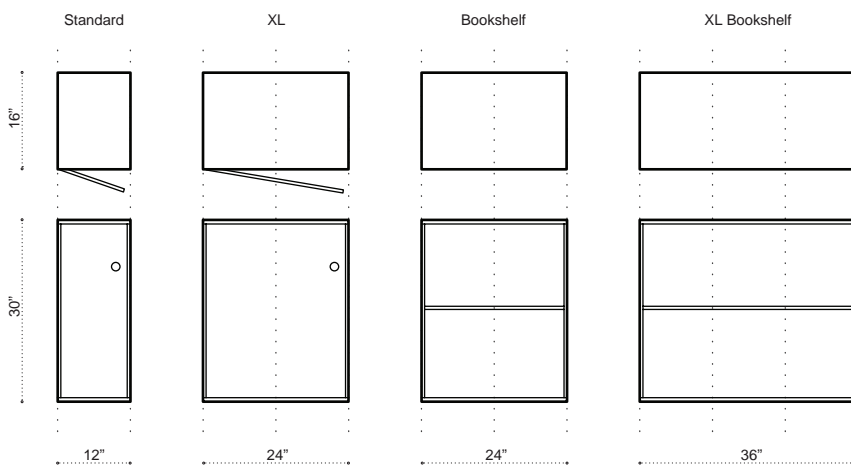

## FOR THE WORKPLACE OF TODAY, AND TOMORROW.

Our Adaptive Storage Wall is a long-term investment in creating an elegant and effective workplace. Featuring multiple locker and shelving sizes, sound security options, and an array of quality materials, the system can be specified to meet the needs of any working environment. Its thoughtfully engineered joinery makes it easy and accurate to install, and just as easy to reconfigure and grow with the evolving needs of the workplace.

### MODULE DIMENSIONS

### MATERIAL OPTIONS

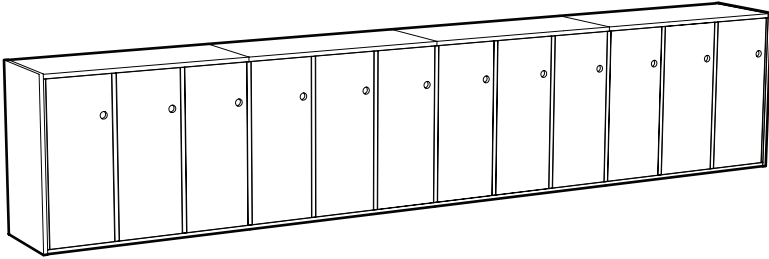

### INQUIRES

Configurations of the Adaptive Storage Wall can be ordered through select dealers in the US, or direct from Second Space if we don't have a dealer in your area. If you'd like to locate a dealer, make an order inquiry, or just get some more information, please contact us at [lets.talk@second-space.co](mailto:lets.talk@second-space.co).
