

antique reproduction seal
*Genuine Impression
of the Original*

This reproduction of a one-of-a-kind highly decorative Napoleon style mantel, was originally carved circa 1800. It features ornaments borrowed from ancient Rome and Egypt, such as the spectacular female bust carved on both legs. This unique sculpture depicts a woman with a folded tunica around the waist and curly hair piled high around the face as it was typical in Ancient Rome. The bust sits upon a canted and stepped base that has a shape reminiscent of the knotted and plaited false beard worn by Pharaoh in Ancient Egypt.
