contemporary old world aesthetics

Inspired by chevron patterns found in the floors of wealthy Spanish homes and throughout Western Europe from the 16th to 18th centuries—our Aventine collection mimics the charm of old world parquetry and the dark, rich textures of floor boards that have aged and built character over years of history. Craftsman-built from solid oak surfaced with quarter oak veneers, this stunning collection is finished by artisan hands with a lush, dark tone accented by subtly weathered brass hardware. Finished pieces are carefully sealed and coated with clear lacquer for added protection and a subtle sheen—evoking a cleaner, more contemporary feel.

Salvaged Grey

REFINED YET RUSTIC

Featuring bold, minimalist silhouettes, our Bodhi Bedroom Collection is a new take on rustic that honors the beauty of simple construction and emphasizes the gorgeous grain of natural white oak. Each piece is carefully built by craftsmen and hand-finished—wire brushed and sanded before a six-step application of stain, glaze, sealer, and lacquer to achieve an elegant, “organically aged” patina. Modern case pieces and storage platform beds are also equipped with spacious drawers. Case pieces are accented by beautiful brass pulls adorned with a subtle champagne tone.

designed by our long-time Italian artisan,

our Celeste Collection is named for the color blue—like the sky, the same color as our artisan's eyes and those of his daughters who work with him. Handcrafted from solid tulip wood and finished with impeccable care, these elegant pieces are timelessly styled with sculpted moulding, antique brass drawer pulls, and an exclusive, 21-step finishing process—which has only been taught to three other men, in order to continue the legacy of this time-honored tradition of craftsmanship.

product details

- ▶ Case frames, tops, and drawer fronts are made from solid tulip wood; while case sides are crafted from veneers for a smooth surface.
- ▶ Exclusive finish are crafted over an extensive 21-step process. Bases feature our Cielo finish, while tops feature our Notturmo finish.
- ▶ All pieces of our Celeste collection are also available in any of our beautiful Italian finishes by special order.
- ▶ Finished surfaces are coated with a soft layer of lacquer for added protection and a subtle satin sheen.
- ▶ All joints are doubly reinforced with a mortise-and-tenon construction and corner-blocks to guarantee years of structural reliability.
- ▶ Drawers are durable constructed using dovetail joinery and sit on wood glides.
- ▶ All drawers are complemented with antique brass pulls and lined in a hand-distressed paper with Florentine Lily motif.
- ▶ Due to the nature of handcrafted construction and finishing, each piece features a distinct "fingerprint"—making each truly one-of-a-kind.

inspired by Greco-Roman architecture and furnishings,

neoclassical French design rose to popularity during the reign of Louis XVI. Our Evelyn Bedroom Collection reflects this classic style through straight lines and turned legs accentuated by hand-carved detailing fit for royalty. Meticulously applied finishes add warmth and softness to each piece. Furniture artisans thoughtfully paint, distress, and lacquer the carefully crafted mahogany and poplar surfaces, giving them the appearance of well-loved antiques.

product details

- ▶ Frames are corner-blocked and reinforced with mortise-and-tenon joinery for everyday durability and superior structural stability.
- ▶ Wooden surfaces are sanded, painted, and distressed by hand. Finished surfaces are lacquered for added protection and a subtle sheen.
- ▶ Case pieces feature drawers mounted on full-extension, soft-close glides.
- ▶ Hardware features an antiqued brass finish.
- ▶ Beds feature upholstered headboards accentuated by flat, brass-colored nailheads.
- ▶ Bed frames include space to accommodate variances in mattress sizes and allow bedding to be tucked into frame.

Installation Instructions:

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.

- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
