TIMELESS BEAUTY FOR EVERY SEASON

A simply elegant design, our Hampton Outdoor Collection is inspired by classic, English gardens. These all-weather furnishings are artisan-crafted from solid teak hardwood and hand-finished to emphasize the wood's coloring and unique, organic features. Deep and incredibly comfortable cushions are padded with supportive, dense, antimicrobial foam covered in your choice of weather-resistant Sunbrella® or InsideOut Performance Fabric®.

FABRICS:

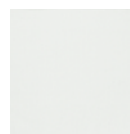

InsideOut
Pinstripe Blue*

InsideOut
Maritime Zinc

InsideOut
Starboard
Lace

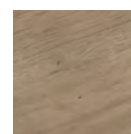

InsideOut

PRODUCT DETAILS

- + This collection is crafted from sustainably harvested teak wood, selected for its natural beauty and durability.
- + Teak hardwood contains natural oils that repel insects, prevent drying, and resist moisture. Teak is also resistant to fungal decay, rotting, and warping due to temperature or humidity.
- + Artisan-crafted finishes are applied by hand, using pigment and a wire brush to create subtly distressed appearances.
- + Small imperfections may expose underlying teak wood. If left uncovered, finishes will gradually fade after a season of use. Exposed teak will gradually acquire a beautiful silvery-grey patina (typical of untreated teak wood), adding unique character to your piece.
- + Outdoor cushions made in Mexico are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in your choice of weather-resistant InsideOut Performance Fabric.
- + InsideOut Performance Fabrics are made from durable polyester and polypropylene fibers, which are bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.
- + Dense foam padding enables high elasticity, providing ideal support and distributing pressure across cushion surfaces—helping seats bounce back from heavy use.
- + Polyester fibers encase foam cushion cores to provide additional comfort.
- + Cushion fill is completely sealed in water-repellent coverings—featuring serged interior edges to enhance cushion strength and longevity.
- + Replacement cushions can be ordered to complement your Arhaus outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.
- + Bar Carts feature shelving with a maximum weight capacity of 77 lbs. and a removable tray with a maximum weight capacity of 75 lbs.
- + Hamptons chaises feature attached side tables, which can be adjusted to either side.
- + Sectional components are held together by connectors to prevent shifting.
- + 72" rectangular dining tables seat up to 6; 37" trestle between legs. Dining chairs may need to be arranged along both sides of the trestle.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

AHEAD OF THE CURVE

our Harper Collection's contemporary design is comfortable, and completely weatherproof. Low-profile silhouettes craftsman-built with marine-grade frames are complemented by generous all-weather upholstery in easy-to-clean outdoor performance fabrics. Modular seating padded with dense, antimicrobial foam can be arranged to suit any patio or poolside living space.

PRODUCT DETAILS

- + Available with welt detailing by special order.
- + All-weather frames are constructed of kiln-dried, cross-directional, marine-grade plywood—the same wood used to build boats.
- + Frames are reinforced and weatherproofed for added stability and durability.
- + Made in America, our outdoor cushions are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency. Cushions will cradle your body for lasting comfort.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in weather-resistant Sunbrella® or Inside Out® performance fabric.
- + Polyester fibers encase foam cushion cores to provide additional comfort.
- + Cushion fill is completely sealed in a water-repellent coverings to enhance cushion strength and longevity.
- + Inside Out® Outdoor Performance Fabrics are made from durable polyester and polypropylene fibers, which are pill-resistant, bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.
- + Sunbrella® Outdoor Performance Fabrics are woven from 100% solution-dyed materials that are easy to care for, stain-resistant, fade-resistant, colorfast, and provide up to 98% UV protection.
- + Replacement cushions can be ordered to complement your Arhaus outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

BOLDLY DESIGNED WITH A DRAMATIC, GEOMETRIC SHAPE

our Indio Outdoor Occasional Tables add ambiance to any outdoor or indoor gathering space. Each table is expertly crafted from high-strength Glass Fiber-Reinforced Concrete, resulting in lightweight, weather resistant surfaces. Hand-applied finishes are carefully colored and accented with chic, metallic brass detailing

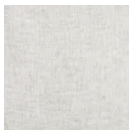

PRODUCT DETAILS

- + Our Indio Collection is crafted from Glass Fiber-Reinforced Concrete—made by layering high-strength glass fibers and cement to create a lightweight yet exceptionally durable, weather-resistant composite.
- + Finished surfaces are colored, sealed, sanded, and coated with a polyurethane topcoat for added protection against scratching and staining.
- + Inherent variations in shading and color along with natural imperfections—like surface cracks from finishing or non-structural hairline cracks due to age and exposure—will add character to your piece without affecting its integrity, quality, or performance.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

HANDCRAFTED TO ENHANCE YOUR OUTDOOR DINING SPACE

our Jagger Outdoor Dining Chair is constructed from solid teak wood finished with a rich black pigment. Chic metal details made of aluminum are finished with a warm brass tone. Expertly upholstered cushions are padded with dense antimicrobial foam covered in easy-to-clean outdoor performance fabric, creating an inviting seat for all seasons.

PRODUCT DETAILS

- + Craftsman-built frames are made from solid sustainably harvested teak wood, selected for its natural beauty and durability.
- + Teak hardwood contains natural oils that repel insects, prevent drying, and resist moisture. Teak is also resistant to fungal decay, rotting, and warping due to temperature or humidity.
- + Artisan-crafted finishes are applied by hand, using a rich black pigment.
- + Small imperfections may expose underlying teak wood. If left uncovered, finishes will gradually fade after a season of use. Exposed teak will gradually acquire a beautiful silvery-grey patina (typical of untreated teak wood), adding unique character to your piece.
- + Aluminum metal accents are applied by hand and finished with a brass tone.
- + Outdoor cushions are mold- and mildew resistant.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

inspired by traditional designs

our Malawi outdoor seating collection creates an inviting, modern tribal aesthetic on any patio, porch, or poolside. Seating with rounded, shelter-style silhouettes and versatile accent tables are handwoven from strands of all-weather wicker over rustproof aluminum frames, which are hand-forged by Asian artisans. Semi-open weaves offer visual lightness to each piece, while darker, bohemian-inspired finishes keep designs grounded.

product details

- ▶ Designed to resist the elements, this collection is suitable for year-round use.
- ▶ Our Arhaus exclusive All-Weather Resin Wicker is specially formulated for design and durability to create the highest quality outdoor furnishings possible.
- ▶ Perfectly mimicking the beauty of authentic natural materials, our resin wicker is colored with varying high and low tones. Masterfully dry-brushed finishes create organic textures that add depth to woven surfaces.
- ▶ All-weather wicker surfaces are handwoven by artisans around rustproof aluminum frames, resulting in durable, corrosion-resistant furniture that will last season after season.
- ▶ Aluminum frames feature a hand-applied, powder-coated finish, which creates a protective, water- and rustproof barrier that's 10 times more durable than paint.
- ▶ Incredibly relaxing and supportive, our lofty, zippered outdoor cushions are padded with high resiliency, antimicrobial foam and covered in weather-resistant Sunbrella® fabric.
- ▶ Dense foam padding is extremely resilient and enables high elasticity—providing ideal support and distributing pressure across cushion surfaces, helping them bounce back from continual, heavy use.
- ▶ Made in Mexico, our cushions are mold- and mildew resistant and are sustained by an outdoor elastic support system that extends the life of cushions and cradles your body for lasting comfort.
- ▶ Polyester fibers encase the foam cushion cores to provide additional comfort.
- ▶ Cushion fill is completely sealed in a water-repellent covering and feature serged interior edges to enhance cushion strength and longevity.
- ▶ Woven of 100% solution dyed acrylic, Sunbrella, the world's leading outdoor performance textile is easy to care for, stain resistant, color fast and provides up to 98% UV protection.
- ▶ Unlike yarn-dyed fabrics where the color is surface deep, solution-dyeing completely permeates fibers, resulting in colorfast fabrics that withstand even the harshest elements.
- ▶ Order replacement cushions to complement your handcrafted Arhaus outdoor furniture. Or, order cushions in a different fabric to completely transform the look of outdoor spaces.
- ▶ Tray tables are perfect for entertaining, featuring removable trays that can be used as folding serving stands.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

expertly crafted outdoor upholstery

Create your own intimate outdoor space with our smartly tailored and versatile Menlo Sectional. Designed with three easily arrangeable pieces, including a comfy ottoman, this craftsman-built collection can be customized to fit patios both spacious and small. Incredibly durable, craftsman-built frames are made in America from with all-weather, kiln-dried, marine-grade plywood—the same materials used to build boats. And, weather-resistant upholstery is covered in stain- and fade-resistant Sunbrella® fabric.

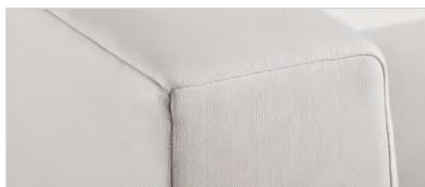

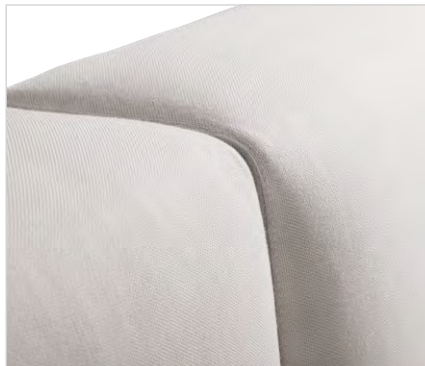

product details

- ▶ Upholstery is covered in durable Sunbrella® fabrics.
- ▶ Sunbrella® fabrics are weatherproof and resist stains and fading.
- ▶ Cushions are made in America and comprised of mold- and mildew-resistant, anti-microbial foam.
- ▶ All-weather frames are constructed of kiln-dried, cross-directional, marine-grade plywood—the same wood used to build boats.
- ▶ Frames are reinforced and weatherproofed for added stability and durability.
- ▶ Frames feature outdoor elastic support systems beneath seat cushions, which cradle your body for lasting comfort.

PRODUCT DETAILS

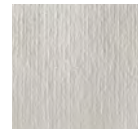

- + This collection is crafted from sustainably harvested teak wood, selected for its natural beauty and durability.
- + Teak hardwood contains natural oils that repel insects, prevent drying, and resist moisture. Teak is also resistant to fungal decay, rotting, and warping due to temperature or humidity.
- + Artisan-crafted finishes are applied by hand, using pigment and a wire brush to create subtly distressed appearances.
- + Small imperfections may expose underlying teak wood. If left uncovered, finishes will gradually fade after a season of use. Exposed teak will gradually acquire a beautiful silvery-grey patina (typical of untreated teak wood), adding unique character to your piece.
- + Outdoor cushions made in Mexico are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in weather-resistant InsideOut Twilly Snow Performance Fabric.
- + InsideOut Performance Fabrics are made from durable polyester and polypropylene fibers, which are bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.
- + Dense foam padding enables high elasticity, providing ideal support and distributing pressure across cushion surfaces—helping seats bounce back from heavy use.
- + Polyester fibers encase foam cushion cores to provide additional comfort.
- + Cushion fill is completely sealed in water-repellent coverings—featuring serged interior edges to enhance cushion strength and longevity.
- + Replacement cushions can be ordered to complement your Arhaus outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.
- + Swivel mechanism allows for easy, effortless rotation.
- + Swivel Chair features a mechanism that allows for easy, effortless rotation.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

PRODUCT DETAILS

- + Our handwoven all-weather resin wicker is specially formulated and hand-finished by artisans to resemble authentic rattan. This one-of-a-kind formula is created exclusively for Arhaus to be as beautiful as it is durable, and is highly resistant to mildew, fading, sagging, staining, tearing, and cracking.
- + Finished all-weather resin wicker features varying high and low tones that mimic the appearance of natural materials. Dry-brushing creates organic textures and adds depth to woven surfaces.
- + All-weather resin wicker is supported by rustproof aluminum frames, resulting in durable, corrosion-resistant furniture that will last season after season.
- + Each finish is complemented by rustproof aluminum feet in a stainless-steel finish.
- + Outdoor cushions made in Mexico are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in your choice of weather-resistant Sunbrella® or InsideOut Performance Fabric.
- + InsideOut Performance Fabrics are made from durable polyester and polypropylene fibers, which are bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.
- + Sunbrella® outdoor performance fabric is woven from 100% solution-dyed materials that are easy to care for, stain-resistant, fade-resistant, colorfast, and provide up to 98% UV protection.
- + Dense foam padding enables high elasticity, providing ideal support and distributing pressure across cushion surfaces—helping seats bounce back from heavy use.
- + Polyester fibers encase foam cushion cores to provide additional comfort.
- + Cushion fill is completely sealed in water-repellent coverings—featuring serged interior edges to enhance cushion strength and longevity.
- + Replacement cushions can be ordered to complement your Arhaus outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.
- + Sectional components are held together by connectors to prevent shifting.
- + All Montauk Sofa, Swivel Chair, and Sectional pieces (except the Corner and Ottoman) include lumbar pillows for added comfort and support.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

CLASSIC STYLING MEETS INCREDIBLE CRAFTSMANSHIP

Featuring a chic, refined aesthetic, the Montego collection is designed with clean lines and no-fuss styling. Craftsman-built frames are durably constructed from all-weather aluminum supported by precision welds and reinforced stress points to ensure structural reliability season after season. UV-inhibiting powder-coated finishes are hand-applied by our furniture artisans, resulting in a slightly textured patina that's rustproof, waterproof, and 10X stronger than paint.

PRODUCT DETAILS

- + Craftsman-built frames made from all-weather tube and cast aluminum feature precision welds and reinforced stress points.
- + Aluminum frames feature a hand-applied, powder-coated finish, which creates a protective, water- and rustproof barrier that's ten times more durable than paint.
- + Outdoor cushions made in Mexico are mold- and mildew resistant; sustained by an outdoor elastic support systems for added resiliency.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in your choice of weather-resistant Sunbrella® or InsideOut Performance Fabric®.
- + InsideOut Performance Fabrics are made from durable polyester and polypropylene fibers, which are bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.
- + Sunbrella® outdoor performance fabric is woven from 100% solution-dyed materials that are easy to care for, stain-resistant, fade-resistant, colorfast, and provide up to 98% UV protection.
- + Dense foam padding enables high elasticity, providing ideal support and distributing pressure across cushion surfaces, helping seats bounce back from heavy use.
- + Polyester fibers encase foam cushion cores to provide additional comfort.
- + Cushion fill is completely sealed in water-repellent coverings featuring serged interior edges to enhance cushion strength and longevity.
- + Replacement cushions can be ordered to complement your Arhaus outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.
- + Montego Rectangular Dining Tables feature holes to accommodate outdoor umbrellas. Plug included.
- + Montego Double Chaise Lounges feature two independently adjustable backrests.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

artisan-crafted outdoor occasional tables

Designed by furniture artisans, our Naples Outdoor Occasional Collection is constructed from basket-woven reconstructed stone, which is sturdy enough to withstand Florida's hurricane season, yet chic enough to elegantly accentuate luxe patios, gardens, or pools. These thoughtfully crafted occasional tables feature unique finishes, which create a stunning "unearthed" appearance that varies from piece to piece, making each one-of-a-kind. Pair the coffee and end table together for an industrial look that's functional all year round.

product details

- ▶ Tables are sculpted from basket-woven reconstructed stone.
- ▶ Reconstructed stone is 65 percent stronger than concrete and 40 percent lighter than stone.
- ▶ Finishes are achieved through a series of hand-applied washes.
- ▶ As tables dry under the sun, they develop varied tones and textures, resulting in their "unearthed" appearance.
- ▶ Tables are lacquered for added protection and a subtle sheen.

CRAFTED FOR COMFORT AND CONFIGURABILITY

A study in modularity and mixed-material styling, our Naxos Collection is where elevated outdoor spaces begin. Inspired by contemporary European designs, Naxos' five configurable pieces are artisan-crafted from Lava Grey aluminum, while unique rope detailing lets hints of light shine through. Textured InsideOut Performance Fabric® cushions offer all-weather comfort, while the option to integrate a coffee or end table into your sectional arrangement offers endless versatility.

PRODUCT DETAILS

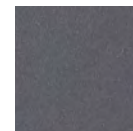

- + Craftsman-built frames made from all-weather tube and cast aluminum feature precision welds and reinforced stress points.
- + Aluminum frames feature a hand-applied powder-coated finish which create a protective, weather-resistant, rustproof, and UV-inhibiting barrier that's ten times more durable than paint.
- + Outdoor cushions made in Mexico are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in weather-resistant InsideOut Granville Snow Performance Fabric.
- + InsideOut Performance Fabrics are made from durable polyester and polypropylene fibers, which are bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.
- + Dense foam padding enables high elasticity, providing ideal support and distributing pressure across cushion surfaces—helping seats bounce back from heavy use.
- + Polyester fibers encase foam cushion cores to provide additional comfort.
- + Cushion fill is completely sealed in water-repellent coverings—featuring serged interior edges to enhance cushion strength and longevity.
- + Replacement cushions can be ordered to complement your Arhaus outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

SLEEK IN STYLE YET EXCEPTIONALLY DURABLE

our Nueva Occasional Tables are the perfect accompaniment to any exterior seating arrangement. Each piece is expertly crafted from high-strength Glass Fiber-Reinforced Concrete, resulting in lightweight, weather resistant surfaces. Naturally varying finishes are carefully colored, sealed, sanded, and coated with a polyurethane top coat for added protection.

PRODUCT DETAILS

- + Our Nueva Collection is crafted from Glass Fiber-Reinforced Concrete—made by layering high-strength glass fibers and cement to create a lightweight yet exceptionally durable, weather-resistant composite.
- + Finished surfaces are colored, sealed, sanded, and coated with a polyurethane topcoat for added protection against scratching and staining.
- + Inherent variations in shading and color along with natural imperfections—like surface cracks from finishing or non-structural hairline cracks due to age and exposure— will add character to your piece without affecting its integrity, quality, or performance.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

PRODUCT DETAILS

- + Our Performance Weave furnishings are built using handwoven polyester rope—selected for its textural appearance and all-weather durability.
- + Polyester ropes are meticulously designed with intricate yarns, creating an open-weave design.
- + Craftsman-built frames made from rustproof, all-weather tube and cast aluminum feature precision welds and reinforced stress points.
- + Seats are crafted from sustainably harvested teak wood, selected for its natural beauty and durability.
- + Teak hardwood contains natural oils that repel insects, prevent drying, and resist moisture. Teak is also resistant to fungal decay, rotting, and warping due to temperature or humidity.
- + Artisan-crafted finishes are applied by hand, using pigment and a wire brush to create subtly distressed appearances.
- + Small imperfections may expose underlying teak wood. If left uncovered, finishes will gradually fade after a season of use. Exposed teak will gradually acquire a beautiful silvery-grey patina (typical of untreated teak wood), adding unique character to your piece.
- + Outdoor cushions made in Mexico are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency. Cushions will cradle your body in lasting comfort.
- + Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in weather-resistant Sunbrella® or Inside Out® performance fabric.
- + Dense foam padding enables high elasticity, providing ideal support and distributing pressure across cushion surfaces—helping seats bounce back from heavy use.

outdoor collection
made in AMERICA

an extension of our indoor masterpiece crafted for the great outdoors,

this living-room oasis has had an all-weather makeover from the inside out. Skilled upholsterers in North Carolina created a structure made of marine-grade wood, making this sectional as strong and durable as a ship out to sea. The 45"-deep seating and

oversized back pillows are made of mildew- and mold-resistant cushions and wrapped in Sunbrella® fabric. Enjoy the comfort and ease-of-care no matter how stormy the weather or company.

natural wood

Each piece will have slightly different shading and grain patterns and due to the nature of a multi-layered finish that is hand-applied by our craftsmen, there will be variation from piece to piece. Some small splits may occur, but will only add to the character. Knots and joint lines are a natural property and add interest but without affecting performance. All natural wood will display movement from season to season because of changes in temperature and humidity.

handcrafted quality

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive, designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

renewable resources

Arhaus is unique in our commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood was harvested from renewable resources.

all-weather use

This collection was designed and constructed to be used outdoors. Cover or store indoors during the winter season and in extreme weather. Ensure that cushions are free of moisture before storing. To prevent permanent dirt and stains from settling into the fabric, wash and air dry slipcovers before storing.

Dimensions may vary slightly. Please ensure furnishings fit through interior structures and into desired space before purchase.

product details

- ▶ Stocked with all-weather cushions upholstered in Sunbrella® fabric.
- ▶ Customize by choosing from more than 55 additional Sunbrella® fabrics.
- ▶ Sunbrella® fabrics are weatherproof and resist stains and fading.
- ▶ Marine-Grade Frame: The all-weather base is constructed of kiln-dried, cross-directional, marine-grade plywood—the same wood used to build boats.
- ▶ Mortise-and-tenon assembly: One of the best ways to secure two pieces of wood that connect at a “t”; the end of one piece is fashioned into a round or rectangular shape (tenon), which is designed to fit into the same size hole on the other end (mortise). All joints are corner-blocked for added stability and further reinforced and weatherproofed with water-resistant glue.
- ▶ Anti-Microbial Cushions: Comprised of 2.0-density anti-microbial foam that is mold- and mildew-resistant, the equally-resistant support system is made of 3” outdoor Syntex stretch elastic which cradles your body.
- ▶ One of the best ways to keep Sunbrella® fabrics looking good and to delay deep or vigorous cleaning is to properly maintain the fabrics. This can be accomplished by simply brushing off dirt before it becomes embedded in the fabrics, wiping up spills as soon as they occur or spot-cleaning soon after stains occur.
- ▶ General or light cleaning: Brush off any loose dirt. Prepare a cleaning solution of two ounces (1/4 cup) mild dishwashing liquid per gallon of lukewarm water (less than 100° F/38° C). Use a sponge or a soft bristle brush to clean. Allow cleaning solution to soak into fabric. Rinse thoroughly to remove all detergent residue. Allow fabric to air dry.
- ▶ Recommended Washing of Sunbrella® Fabrics: Remove slipcovers and close all openings and divide into two to three loads. Do not mix in with other laundry. Wash in cold water on the gentle cycle with a mild liquid detergent (without bluing agents). Allow to air dry before re-fitting to the frame. Stand cushions on end and periodically flip over until dry.
- ▶ DO NOT PLACE IN DRYER. Air dry only before refitting to the frame.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Do not drag this piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Leaning backwards on two legs of a chair may weaken joints.
- ▶ This collection was designed and constructed to be used outdoors. Cover or store indoors during the winter season and in extreme weather. Ensure that cushions are free of moisture before storing. To prevent permanent dirt and stains from settling into the fabric, wash and air dry slipcovers before storing.

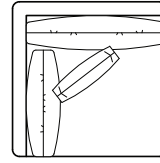

recommended care

- ▶ Protect your outdoor living collection with our exclusive Arhaus Outdoor Covers. Tend to spills immediately, removing with a damp cloth. For specific care on your piece, please refer to the care instructions below:
- ▶ Spot clean with an upholstery shampoo, mild detergent/water solution or a mild dry cleaning solution.
- ▶ Please refer to the actual cleaning code on the fabric purchased. When using a professional cleaning service, ensure that a solvent-based product is used.
- ▶ Comfortable, beautiful and oh-so-livable Sunbrella® fabric is amazingly easy to maintain, and most spills can be cleaned with mild soap and water. For tough stains, bleach can be used without fear of damaging the fabric or removing the color. With this kind of durability and a wide range of styles, what's not to love?

soak up the sun

Handwoven by artisans from durable, weather-resistant polyester rope, our Rhodes chair creates a relaxed, boho-inspired atmosphere with an open-weave construction and nautical rope-like aesthetic. This meticulously crafted seat features intricate yarns—designed to enhance performance and durability—woven around a corrosion-resistant, rustproof aluminum frame. And, cushions are made with dense, antimicrobial foam covered with easy-care outdoor performance fabrics that resist moisture, stain, and fading.

product details

- ▶ Designed to resist the elements, this collection is suitable for year-round use.
- ▶ Chair is handwoven from Textilene rope—selected for its textural appearance and all-weather durability.
- ▶ Textilene weave is meticulously designed with intricate yarns and is handwoven onto aluminum frames.
- ▶ Rustproof aluminum frames are durable and corrosion-resistant to ensure your furniture will last season after season.
- ▶ Incredibly relaxing and supportive, our lofty outdoor cushions are made with high resiliency, antimicrobial foam covered in weather-resistant Sunbrella® or Inside Out® performance fabric.
- ▶ Dense foam padding is extremely resilient and enables high elasticity—providing ideal support and distributing pressure across cushion surfaces, helping them bounce back from continual, heavy use.
- ▶ Made in Mexico, our cushions are mold- and mildew resistant and are sustained by an outdoor elastic support system that extends the life of cushions and cradles your body for lasting comfort.
- ▶ Polyester fibers encase the foam cushion cores to provide additional comfort.
- ▶ Cushion fill is completely sealed in a water-repellent covering with serged interior edges to enhance cushion strength and longevity.
- ▶ Woven of 100% solution dyed acrylic, Sunbrella® and Inside Out® fabrics are easy to care for, stain resistant, color fast, and provide up to 98% UV protection.
- ▶ Unlike yarn-dyed fabrics where the color is surface deep, solution-dyeing completely permeates fibers, resulting in colorfast fabrics that withstand even the harshest elements.
- ▶ Order replacement cushions to complement your handcrafted Arhaus outdoor furniture. Or, order cushions in a different fabric to completely transform the look of outdoor spaces.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

globally inspired design

Showcasing centuries-old aesthetics with a modern twist, our Rumi collection is artfully crafted with Italian-inspired terrazzo tops. This durable, low-maintenance concrete composite is speckled with chips of marble, quartz, granite, glass, and other stones in grey and natural colors to achieve a unique, luxurious surface. Bases inspired by Asian antiques are made in Indonesia from sustainably harvested teak finished in rich, light grey driftwood tones, giving each piece a modern yet timeless sensibility. Due to the natural materials used and hand-applied finishing, each piece will vary in color and pattern—making each piece truly one-of-a-kind.

product details

- ▶ Designed to resist the elements, this collection is suitable for year-round use.
- ▶ Vietnamese artisans craft our Rumi collection's tops from terrazzo, a composite white concrete speckled with chips of marble, quartz, granite, glass, and other stones in grey and natural shades.
- ▶ Terrazzo tops are polished and sealed, resulting in a beautiful, smooth surface.
- ▶ Terrazzo is durable, low-maintenance, and adds a layer of luxury to any space.
- ▶ Due to the inherent variety found in Terrazzo surfaces and hand-applied finishing, no two pieces will be exactly alike. Variations in color and texture, due to the distribution of stones, make each truly one-of-a-kind.
- ▶ Rough edges or marks in the edge profile are commonly found in terrazzo surfaces, adding character to each piece—giving it a distinct, one-of-a-kind appearance.
- ▶ Indonesian artisans craft this collection's bases from sustainably harvested teak wood, selected for its natural beauty and durability.
- ▶ Teak hardwood contains natural oils that repel insects, prevent drying, and resist moisture.
- ▶ Teak is also resistant to fungal decay, rotting, and warping due to weather and temperature.
- ▶ Typical of outdoor wood, teak will gradually develop a soft, grey patina due to exposure.
- ▶ Hairline-cracking and peeling of stained outdoor wood is a normal reaction to the elements and may occur over time relative to care and use. This natural aging is typical, will add unique character to your piece, and is not considered a defect.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

WITH A STUNNING, FLORAL-INSPIRED PATTERN HANDCRAFTED FROM INDIVIDUALLY INLAID TILES

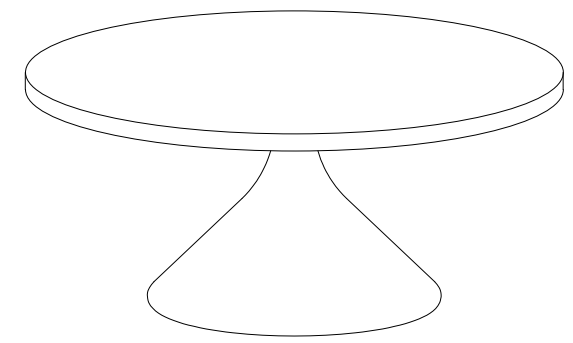

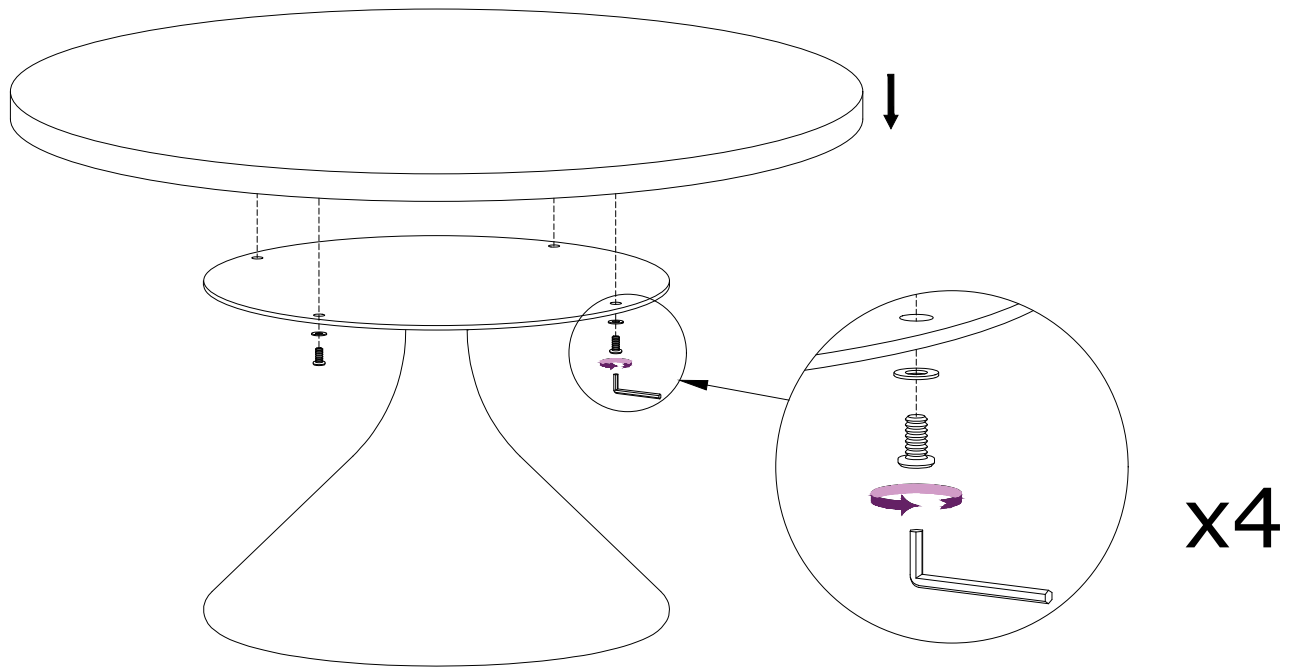

our Sorrento Occasional Table Collection brings the beauty of nature to any outdoor space. Artisan-built tables made from Glass Fiber-Reinforced Concrete feature an intricate mosaic of glazed tile. Tabletop edges are accented with metal, finished in a warm brass tone. Table bases are reinforced with metal frames for added stability.

PRODUCT DETAILS

- + Sorrento tabletops feature floral-inspired mosaics handcrafted from inlaid glazed tiles.
- + Table edges feature metal accents finished in a warm brass tone.
- + Table bases are crafted from Glass Fiber-Reinforced Concrete—made by layering high-strength glass fibers and cement to create a lightweight yet exceptionally durable, weather-resistant composite.
- + Concrete composite table bases are reinforced with metal frames for added stability and durability.
- + Finished surfaces are polished, sealed, and coated with a clear polyurethane topcoat for added protection against scratching and staining.
- + Due to the inherent variety found in each piece, no two Sorrento tabletops will appear exactly alike. Variations in pattern, color, and texture make each piece truly one-of-a-kind.
- + Inherent variations along with natural imperfections—like surface cracks from finishing or non-structural hairline cracks due to age and exposure—will add character to your piece without affecting its integrity, quality, or performance.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.
