handcrafted displays of solid wood and iron, where art and entertainment await.

Solid, American oak or Indonesian mango wood is combined with an iron, Parsons-style base to create the warm, contemporary style of our Palmer Wall Collection. Each of these graceful pieces becomes a media showcase or a home library, where your precious treasures can be viewed or borrowed anytime—and are never overdue.

product details

- ▶ Pieces finished in Natural Oak are handcrafted of solid oak wood grown and harvested in the United States.
- ▶ Pieces finished in Bali Brown are handcrafted of solid Indonesian mango wood.
- ▶ Pieces finished in Bronzed Oak are handcrafted of American-grown solid oak and oak veneers finished in a walnut stain.
- ▶ Metal frames of Bronzed Oak pieces are hand-painted in brass.
- ▶ All wood used to craft these pieces is sustainably grown and harvested.
- ▶ Each wood plank is hand-finished with a weathered appearance, displaying unique texture and accentuating the wood's natural features.
- ▶ Artisans apply a matte lacquer to each piece for extra protection and a subtle sheen.
- ▶ Parsons-style iron bases are powder-coated to prevent rusting and provide a protective finish.
- ▶ TV Console features adjustable/removable shelving on each side and cord management holes to accommodate electronics.
- ▶ Due to the hand-applied, multi-layered finishing, each piece will vary slightly in shading and grain pattern, creating a unique appearance.
- ▶ Some small splits, knots, joint lines and other natural features may occur, but will not affect a piece's performance.
- ▶ All natural wood will display movement from season to season due to temperature and humidity.
- ▶ Finishes are durable enough to withstand daily use; but, as with all fine, wood finishes, should be protected from heat and moisture.
- ▶ Handcrafted wood surfaces are easily maintained with soap and water. Non-wax Guardsman® Wood Polish can be used as needed.

celebrating naturally elegant aesthetics—

in their family-owned workshop, our artisan partners in Mexico craft our Raeburn collection from reclaimed Mexican oak wood. Salvaged from the remains sustainable forest management, this reclaimed lumber showcases truly one-of-a-kind features: cracks, knots, insect holes, spalting, and scales that add character to each piece; telling a unique story that enhances each piece's stunning appearance without affecting performance. Minimal hand-applied finishes enhance every dramatic variation in color and texture while protecting and preserving your piece for years to come.

product details

- ▶ Craftsman-built by Mexican furniture artisans from sustainably sourced, new and reclaimed Mexican oak wood from Oaxaca and engineered hardwood for added support.
- ▶ Wood used to build this collection was sourced from sustainable forest management—a Scandinavian technique designed to maintain the health of green spaces by thinning the density of forests.
- ▶ Reclaimed wood used in this collection—featuring organic variances in color, pattern, shape, and texture—is kiln-dried, creating natural cracks in finished surfaces.
- ▶ Natural features inherent to reclaimed Mexican oak wood—including knots, insect holes, spalting, and scales—are celebrated in this collection, providing unique character without affecting performance.
- ▶ Hand-applied finishes are carefully applied to protect and enhance the reclaimed wood's natural features, preserving the unique, natural elegance of each piece.

vintage-inspired glamour

Inspired by the art deco aesthetics and architecture of the 1920s, each glamorous design in our Reese Collection is craftsman-built with beveled glass surfaces framed in solid parawood and tulip wood veneers ornamented by artfully sculpted detailing. Each reverse-painted glass surface is artisan-finished using traditional 19th-century techniques for a chic effect. Durable cabinet frames are accentuated by tapered legs and elegantly hand-finished wood trim, which create delicate silhouettes. Midcentury-inspired hardware is finished with an antiqued silver patina, adding an eclectically vintage touch to these fabulous pieces.

product details

- ▶ Cabinet frames are craftsman-built from solid, sustainably sourced parawood, engineered hardwood, and tulip wood veneers.
- ▶ Glass surfaces feature beveled glass panels to achieve a jewel-like appearance and provide contrast in texture.
- ▶ Artfully antiqued mirrored finishes are hand-applied to create a rustic-chic appearance.
- ▶ Galleria-finished surfaces feature glass that has been reverse-painted using 19th century techniques to achieve soft yet beautiful tones.
- ▶ Wood surfaces are lacquered for added protection and a subtle satin sheen.
- ▶ Drawers are accented with antiqued, silver-finished drawer pulls and sit on side-mounted metal glides.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

Installation Instructions:

For added safety and stability, it is recommended that the wall mounting Hardware be installed.

For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.).

Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

a true masterpiece

Centuries-old woodworking techniques are used to craft every exquisite detail of our exclusive Bell'Arte collection. Handcrafted to order in a region of Italy renowned for its furniture-making, our dedicated artisans treat each unique piece like a work of art. Cabinetry is built from solid tulip wood and masterfully finished by hand, combining layers of stain, paint, and lacquer—a process which takes over three days to complete per piece. Our Sofia cabinets are inspired by authentic Italian antiques, featuring hand-painted motifs of birds for a touch of charm and warmth.

product details

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, these pieces are handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Italian artisans meticulously carve all details by hand, making each piece truly one-of-a-kind.
- ▶ Hand-painted antique Uccello finishes with elegant detailing take up to three days to complete. Layered paint and stain are artfully applied and gently distressed to create a rich, timeworn appearance.
- ▶ Sofia cabinets are decorated with meticulously hand-painted bird motifs for a touch of charm.
- ▶ Finished surfaces are lacquered for added protection and a subtle sheen.
- ▶ After the finishing process, the artisans sign "Hand-painted in Italy" in Italian and date their work.
- ▶ Cabinets feature convenient cord management holes to accommodate lighting and electronics.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.
- ▶ If you wish, the artisans can specially customize your Bell'Arte piece by hand-painting your name (up to three words) on the underside for no additional cost. Visit your local store or call to order.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

contemporary rustic cabinetry

Functional design at its best, our Sullivan Collection is artisan-crafted to frame your space in a grounded, contemporary aesthetic. Built by hand using sustainably sourced and reclaimed oak wood complemented by oversized iron hardware, each hand-stained surface features a smooth, contemporary finish that accentuates the natural character of the wood. These cabinets perfectly balance practicality, craftsmanship, and chic styling with sliding cabinet doors that can be easily moved to reveal or conceal media components, décor, or storage.

product details

- ▶ Sullivan cabinets finished in Northern Oak are handcrafted by artisans from reclaimed European oak, sustainably grown solid oak, and oak veneers.
- ▶ Reclaimed European oak wood is used in cabinet doors and drawers, showcasing its unique, naturally weathered features.
- ▶ In addition to its stunning, natural appeal, our reclaimed wood is treasured in many of our collections as a contribution to preserving healthy and sustainable eco-systems.
- ▶ Sullivan cabinets finished in Northern Cinder is made from sustainably sourced new oak—finished with multiple layers of rich, dark, and deep tones.
- ▶ Wood surfaces are hand-sanded, layered with several coats of glaze, and finished with a matte lacquer topcoat for added protection.
- ▶ Sliding cabinet doors move easily to reveal or conceal shelving, providing options for both storage and display.
- ▶ Cabinet doors are complemented by solid iron handles.

inspired by a sycamore tree

and a fallen branch found in our designer's own backyard, this classic cabinet collection is truly unique in its design. In collaboration with our artisan partners in Indonesia, we cultivated these pieces over the course of a year to ensure the perfect accents for your space. Cabinet cases are hand-crafted from mindi wood—hand-stained in our Furrowed Earth finish. Individually hand-cast, stainless steel door pulls are perfectly balanced and designed to mimic our naturally curved branch, then finished with a chic, muted brass tone to complement the wood's rich, dark tones.

product details

- ▶ Sycamore cabinets are craftsman-built from solid mindi wood and mindi veneers hand-stained with our Furrowed Earth finish.
- ▶ Truly unique door pulls are individually hand-cast from stainless steel to resemble a realistic tree branch.
- ▶ Hardware is artfully finished with a Muted Brass tone to complement the wood's dark color.
- ▶ Cabinet doors are adorned with artisan-made tempered glass.
- ▶ Finished wood surfaces are coated with clear lacquer for added protection and subtle sheen.
- ▶ Sycamore cabinets feature adjustable/removable shelving to accommodate any storage needs.

INSTRUCTIONS FOR ADJUSTING THE DOORS

The doors will already be adjusted by the manufacturer with the furniture on level ground. If your floor is uneven the doors may need further adjustment and this can be done with the hinges as shown below:

1. TO ADJUST THE DOORS FROM SIDE TO SIDE

Slacken screw A and adjust the door position from side to side using screw B.

When the door is correctly adjusted re-tighten screw A.

2. TO ADJUST THE DOORS FROM FRONT TO BACK

Slacken screw A and adjust door from front to back.

When the door is correctly adjusted re-tighten screw A.

3. TO ADJUST THE DOORS UP OR DOWN

Slacken both screws C and adjust the door up or down

When the door is correctly adjusted re-tighten both screws C.

Warning: This product is only a deterrent. It is not a substitute for proper adult supervision. Manufacturer assumes no liability for improper installation or excessive loads placed on screw, brackets or straps.

Young children may be injured by tipping furniture and the use of tipping restraint is highly recommended.

When properly installed, this restraint will provide protections against tipping of furniture. This tipping restraint **MUST** be secured to plaster, concrete or brick wall.

Hardware included:

- (1) Nylon Strap (A)
- (1) Long screw (B)
- (1) Plastic Screw anchor (C)
- (2) Mounting Brackets (D)
- (1) Short Screw (E)

Note: For safe mounting it is essential to use the proper hardware for your wall type. The included hardware is for plaster, concrete and brick only. For other wall types (e.g. drywall or stud mounting) please consult your local hardware store for fastener advice.

To install:

1. **MOUNTING THE FURNITURE-SIDE BRACKET:** Move the furniture item close to the wall to its final position. Use pieces of tape or pencil to transcribe the location on the wall onto the furniture item. Move the furniture item again so you can access its back and use the marks to locate a suitable mounting point for the furniture-side bracket. Make sure that the bracket is secured to firm portion of the furniture frame and as high as possible. Remember: The furniture-side bracket must be positioned near the wall. Using a pencil, and the bracket as a guide, mark "screw mark" on the furniture item through the bracket holes. Attach the short screw to secure the furniture side bracket. (See Figure 1)
2. **MOUNTING THE WALL-SIDE BRACKET:** Position the wall side bracket so that it will be adjacent to the furniture-side bracket when the furniture item is moved to its final position. The wall-side bracket should be about ONE inch lower than the furniture-side bracket (See Figure 3). Mark the location on the wall & create the appropriate sized hole in the wall. Insert the plastic screw anchor & secure the bracket using the long screw.
3. **ATTACHING THE STRAP:** When both brackets are securely attached, move the furniture to its final desired position and thread the strap through the openings of each bracket and also through the ratcheting "buckle". Pull down on the beaded end until it snap-lock into the keyhole.

Note: For safe mounting it is essential to use the proper hardware for your wall type. The included hardware is for plaster, concrete and brick only. For other wall types (e.g. drywall or stud mounting) please consult your local hardware store for fastener advice.

To install:

1. **MOUNTING THE FURNITURE-SIDE BRACKET:** Move the furniture item close to the wall to its final position. Use pieces of tape or pencil to transcribe the location on the wall onto the furniture item. Move the furniture item again so you can access its back and use the marks to locate a suitable mounting point for the furniture-side bracket. Make sure that the bracket is secured to firm portion of the furniture frame and as high as possible. Remember: The furniture-side bracket must be positioned near the wall. Using a pencil, and the bracket as a guide, mark "screw mark" on the furniture item through the bracket holes. Attach the short screw to secure the furniture side bracket. (See Figure 1)
2. **MOUNTING THE WALL-SIDE BRACKET:** Position the wall side bracket so that it will be adjacent to the furniture-side bracket when the furniture item is moved to its final position. The wall-side bracket should be about ONE inch lower than the furniture-side bracket (See Figure 3). Mark the location on the wall & create the appropriate sized hole in the wall. Insert the plastic screw anchor & secure the bracket using the long screw.
3. **ATTACHING THE STRAP:** When both brackets are securely attached, move the furniture to its final desired position and thread the strap through the openings of each bracket and also through the ratcheting "buckle". Pull down on the beaded end until it snap-lock into the keyhole.

Safety Mounting Assembly

HARDWARE

Installation Instructions:

For added safety and stability, it is recommended that the wall mounting hardware be installed. For safe mounting, it is essential to use wall anchors appropriate to your wall type (i.e. Plaster, drywall, concrete, etc.). Mount to wood studs whenever possible.

- Attach **1 pc of wall fitting** to furniture as shown, using **small screw**.
- Determine the final position for the furniture. Mark position on the wall approximately 2" below the bracket mounted to the back of the unit.
- Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the wall that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.
- Attach the **wall fitting** to the wall by inserting **large screw** through the wall fitting and into the **plastic anchor** in the wall.
- Place the unit so the wall fitting on the back edge is aligned with the wall fitting on the wall.
- Lace one end of the **wall strap** through both fittings, and into the other end of the strap.
- Pull the strap tightly until secure.

ANTI-TIP: 91TAJTIPKIT

Any damage incurred to the furniture or the wall as a result of improper installation of this restraint will be the responsibility of the owner.

A PLACE TO COME TOGETHER

Handcrafted from sustainably sourced, deeply grained Mexican oak and naturally oxidized steel, our Telluride Collection is as stunning as it is unique. Steel panels, left outside to weather, achieve an authentically distressed patina, while Mexican oak is lacquered to bring out its natural features.

PRODUCT DETAILS

- + Handcrafted by Mexican artisans from solid oak wood, oak veneer and naturally oxidized steel.
- + Due to their handcrafted nature, metal surfaces feature small dimples and other features—as a result of the natural finishing process—which add one-of-a-kind character to each piece.
- + Hand-applied finishes are coated with acrylic lacquer for added protection.
- + Two adjustable, removable shelves allow ample display or storage space for media and electronics.
- + Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

historically inspired

Inspired by 18th and 19th century campaign furnishings—originally designed for easy transport and assembly—our Tremont Collection's sophisticated aesthetic is defined by rugged yet elegant details reminiscent of the original style. Craftsman-built using solid hardwood and veneers, this durable collection is beautifully hand-finished with soft stains—selected to enhance the natural texture and dramatic grain found within in each surface. Drawers and cabinets are adorned with brass hardware, which accentuates the warm wood finishes. Over 15 different modular furnishings can be easily combined in a multitude of ways to transform any space into a sophisticated, yet comfortable workspace, lounge or library.

product details

- Frames are constructed from solid mindi wood and thick mindi veneers—with strength similar to ash and oak hardwoods.
- Distressed and weathered finishes are wire-brushed to accentuate the hardwood frames' natural grain and texture; then lacquered for added protection and a subtle sheen.
- Rich, hand-applied finishes are complemented by Antique Brass hardware.
- Modular configurations require some assembly; all components include mending plates and anti-tip kits.
- Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

1. Attach one of the mounting brackets near the top back edge of the furniture piece by inserting the shorter screws.
2. Determine the final position of the furniture piece. Mark location on the wall pproximately 2" below the bracket mounted to the back of the furniture.
3. Drill a starter hole into the wall stud. If wall stud is not available, drill a hole into the wall and insert plastic anchor. Gently tap the anchor until the flange of the anchor is flush with the wall.
4. Attach the second bracket by inserting the longer screw through the bracket and into the wall.
5. Place the furniture so the bracket on the back edge is in line with the bracket on the wall.
6. Lace one end of the nylon restraint strap down through each bracket. Bring both ends together and slide the beaded end until it snap locks into the keyhole slot.
7. To double lock, return the beaded end back through the keyholes as shown.
8. Check to make sure the strap is securely laced and locked to the brackets.

Italian craftsmanship and exquisite detail

create the soul of our Arhaus-exclusive Bell'Arte collection. Our Vittoria Wall Collection is no exception. Italian artisans treat each piece like a work of art. These truly one-of-a-kind cabinets are constructed from solid tulip wood and feature hand-carved detailing in their cabinet doors, drawer fronts and moulding. Each piece is painted and distressed by hand over three days. Multiple layers of paint and stain are artfully applied then gently removed to form a timeworn appearance. A final coat of lacquer protects and creates a subtle sheen. These classic cabinets feature ample storage with fully adjustable shelving and secret compartments on either side.

product details

- ▶ As with the rest of our Arhaus-exclusive Bell'Arte Collection, our Vittoria collection is handcrafted in a region of Italy renowned for its furniture-making.
- ▶ Craftsman-built from tulip wood—a wood prized in the making of fine furniture.
- ▶ Cabinet frames are reinforced with a mortise-and-tenon joinery for strength and durability.
- ▶ Hand-painted Libro finishes are layered with tones of distressed ivory and grey to achieve a timeworn appearance with elegant detailing.
- ▶ Italian artisans meticulously carve and paint all cabinet doors, drawers, and moulding by hand, making each truly one-of-a-kind.
- ▶ Dovetail drawers are set on wood glides with brass knobs.
- ▶ All shelving is adjustable and removable.
- ▶ Cord management holes accommodate media equipment and other electronics.
- ▶ Antique brass locks reveal secret compartments in the cabinet's sides.
- ▶ Wall Unit features a 51" w x 14" d x 50" h cavity.
- ▶ This collection is artisan-crafted from natural materials with hand-applied finishes. Individual pieces may vary in color, pattern, shape, and texture, making each truly unique.
- ▶ Natural wood may display small splits, knots, joint lines, or other organic features that will not affect the quality or performance of your piece.
- ▶ Furniture made from natural wood may move slightly due to temperature and humidity. This is normal and should be expected from season to season.
- ▶ If you wish, the artisans can specially customize your Bell'Arte piece by hand-painting your name (up to three words) on the underside for no additional cost. Visit your local store or call to order.
- ▶ Keep your furniture looking its best. Visit arhaus.com or speak to any Arhaus Design Consultant for care recommendations.

Oak

an of-the-moment mix of metal and wood,

our Watson Bookcases are functional and unforgettably styled. Clean, modern lines dramatically break at bold angles, creating unique display and storage space for décor and necessities alike. Beautiful oak-surfaced shelving is finished by hand with a multi-layered distressed patina. Steel frames provide a sophisticated element of contrast in both texture and color, ideally framing the shelves' contents. Convenient drawers also provide versatile storage options for any setting.

product details

- Bookcase frames are craftsman-built from solid steel.
- Shelving is made with oak veneers for uniform surfaces, while drawer faces are made from solid oak.
- Wood surfaces are carefully distressed by hand before being waxed and coated with a matte lacquer for added protection.

Cool, Rustic Style for Casual Living

Juxtaposing clean lines and rustic detailing with the natural shape and texture variations of its live-edge top, our Whitman TV Console accentuates your living space with casual yet visually interesting design. Made from imported, solid oak and planked veneers from Europe, the top of this media cabinet is accentuated by a light

Oxford Natural finish that highlights the wood's color and grain pattern. The console's yellow poplar base is covered in naturally smoked European oak veneers and complemented by brass-finished hardware. The cabinet features three shelving sections behind sliding doors for convenient storage.

ARTISAN FINISHED

Many of our pieces may vary slightly in color, pattern and texture due to the nature of multi-layered finishes that are hand-applied by our craftsmen. Hand-applied finishes may include some small splits, knots, joint lines and other natural properties that will add interest without affecting performance. Materials may also display movement from season to season because of changes in temperature and humidity. We believe these variances from piece to piece only add to an individual's unique, artisan-crafted character.

HANDCRAFTED QUALITY

Arhaus furniture is made with great care and attention to detail. Our collections are distinctive and designed to bring pleasure to you in your home for years to come. Each piece is handcrafted, made using traditional skills and techniques, and hand-painted, distressed and finished to ensure each item becomes an heirloom in your home.

RENEWABLE RESOURCES

Arhaus is unique in its commitment to preserving natural resources. Our Corporate Rainforest Policy states that we will not sell merchandise made of timber from the world's endangered rainforests. In all cases, the wood we use was harvested from renewable resources.

All dimensions can vary slightly due to the hand-built nature of our furniture.

product details

- ▶ Tops are hand-stained in an Oxford Natural finish to accentuate the wood's natural characteristics, while cases are finished in naturally smoked oak veneers.
- ▶ Lacquered for added protection and a subtle sheen.
- ▶ Console tops are built from solid European oak and oak veneers. Cases are constructed from yellow poplar and naturally smoked oak veneers.
- ▶ Case and sliding doors feature brass-finished hardware.
- ▶ Cord management holes throughout accommodate media equipment and other electronics.
- ▶ Case features three adjustable/removable shelves, one per section.
- ▶ Spills should be removed immediately with a damp cloth.
- ▶ Do not use care products that contain ammonia or silicone as this will cut through the lacquer finish over time and damage your piece.
- ▶ Use coasters, trivets and felt pads under objects to preserve the finish of this piece.
- ▶ Never place hot dishes on surfaces; we recommend the use of felt-backed tablemats.
- ▶ Prolonged use of hot electrical equipment on top of furniture may also cause scorching.
- ▶ Always avoid exposure to direct sunlight or heat (e.g. by placing it in front of a radiator) as this can cause cracking and potential fading; a minimum 30 cm clearance from heat sources is advised.

recommended care

- ▶ For daily maintenance, clean wood using a mild soap and water solution. Towel-dry immediately.
- ▶ Dust wood with a soft, dry cloth and buff periodically using a non-wax furniture polish such as Guardsman® Wood Polish.
- ▶ Do not drag piece(s) across the floor as this will cause damage or weaken joints.
- ▶ Dropping furniture onto corners or feet will cause damage.
- ▶ Toys, buckles and heels will scratch furnishings—try to prevent these objects from coming into contact with your piece(s)

contemporary décor foundations

Designed for both storage and display, our rustic, contemporary Xander bookcase features a minimal silhouette to highlight your décor. Craftsman-built shelves and frames are constructed from solid oak wood and oak veneers to ensure smooth and consistent surfaces. Finishes are applied by hand—stained and brightened by a light glaze that catches in the oak wood's grain, accentuating its texture and natural markings. Frames are finished in a dark black stain, complementing the medium brown shelves and creating a neutral yet visually impactful background for displayed items. Finishes are wire brushed to give them a slightly distressed appearance and lacquered for added protection and a subtle sheen.

product details

Bookcase shelves and x-frames are craftsman-built from solid oak wood and surfaced with oak veneers for a consistent surface.

Frames are built using mortise-and-tenon joinery to ensure superior strength and stability.

Light Burnt Oak finishes are applied by hand to each shelf while frames feature a black finish. Stains are brightened by a light glaze, which catches in the cathedral grain of the oak wood.

- ▶ Finishes are wire-brushed for a lightly distressed look and lacquered for added protection and a subtle sheen.
- ▶ Due to the nature of materials used and hand-applied finishes, color, pattern, and texture may vary, making each piece unique.
- ▶ Wood furnishings may also display small splits, knots, joint lines, or other natural features. These markings are normal and will not affect the performance of your piece.
- ▶ Due to changes in temperature or humidity, wood furnishings may display slight movement from season to season.
- ▶ Regular maintenance of wood furnishings is required. For additional information, please visit arhaus.com
