A B O U T T I N K E R

Welcome to The Tinker Garage, a female owned small business where we believe it's our job to help you transform your ideas and designs through the art of woodworking and fabrication. Nestled in the heart of Danville, Kentucky, our small yet passionate team of makers combines traditional craftsmanship with innovative design, bringing your dreams to life, one piece at a time.

Originally founded in her parents garage in 2019, Sydney has grown The Tinker Garage into a successful small business that is always looking for new projects to take on. Unlike traditional businesses where you select pre-made items, we have the ability to listen to your precise needs and through the art of fabrication, create something we know you will love. We believe it's our job to take your individual ideas and customize them with meticulous attention to detail and a touch of creativity.

Here at The Tinker Garage, we have recently upgraded to a Thunder Nova 35 100w manufacturing grade laser that has allowed us to do tougher and higher volume projects in less time. From engraving to cutouts, our laser has the capability of manipulating a variety of different materials including but not limited to: wood, acrylic, glass, leather, and much more.

B A R N

Welcome to our home base! Our workshop, housed within a spacious 3200 sq. ft. warehouse, serves as the center of our craftsmanship. Here, amidst stored wood and other materials, your projects are molded and perfected. The warehouse is where projects begin, the finishing touches are added and we prep everything to be shipped directly to you.

F A B R I C A T I O N

The Tinker Garage is different from your average company in that we offer fabrication. This process is a combination of the ideas of the customer and the design of the makers, with the end results being products that are sustainable and memorable.

What a privilege it was to create so many fun aspects for this customer appreciation event in Seattle, WA. We had the opportunity to create two custom backdrops for live broadcast sessions along with a registration display with custom wooden name tags and we cannot forget about the extra little decor details sprinkled throughout the venue such as custom directional signage and tabletop decor.

Titan Electric Golf Scramble Booth

We loved partnering with the Titan Electric team, they are just as over the top as we are here at The Tinker Garage. We had the amazing opportunity to create a pirate themed golf hole which included, a grand kraken entrance, walk the plank activation and plenty of photo opportunities in the sunken ship area.

Client : Titan Electric

Interactive Booth Game

This spin the pirate ship wheel game was a show stopper and a huge hit. Golfers had the opportunity to spin to win!

Client : Titan Electric

Floral Heart Project

Giving back is where our bucket gets filled. Any chance that we have to give back to the community we live in we do, the floral heart project was a last minute request with an impossible ask but we stayed up all night to pull this one off. We created a 5' free standing double sided heart with all hand cut and hand painted letters + details in under 24 hours. YES, you read that right... 24 hours.

Client : Premier Events

Floral Heart Project

This is the back of the beautiful heart. All hand cut letters (this we pre laser). This truly showcases the engineering that goes into some of our larger fabrication projects.

Client : Premier Events

New Frontiers Decor

Our client reached out to us because she wanted to pull every ounce of branding through during this event, and we did just that! From custom boxes with horse shoe handles to the custom bolo tie lanyards this event had people drooling over every detail.

Client : Lumin Events

Bolo Tie Lanyards

425 pieces of handcrafted bolo tie lanyards, that is what the client wanted but didn't know how to get there. She couldn't find a supplier to make these from her usual list, so she took a stab and reached out to us. We took her idea and turned it into the magic you see here! It goes without saying that these were a total hit!

Client : Lumin Events

Floral Stakes

These floral stakes have been such a hit at events, so simple yet so powerful. We can't help but want to keep making more.

Client : Lumin Events

This sign pushed the limits of the team because of the pure size of all the things we created for this scramble! But we learned so much and everything turned out better than imagined and our client even brought us back for the following year, what more could you ask for :) We created (18) 4'x4' branded hole signage along with a driving range sign, these were large and in charge, just the way we like it!

THE SCOTCH GOLF SCRAMBLE

NW HOME LOANS

Wedding Arch

Brides have exactly what they want in their heads and we are here to bring those ideas and pinterest boards to life! This bride wanted an arch that would fit her 6 foot 5 husband with a fall yet whimsical floral aspect and we delivered just that!

Mason Jar Guest Book

Guest books are no longer actual books. Brides are stepping up their game and we are here to play. This custom mason jar sunflower guest book was a show stopper and the bride couldn't have been more excited to see it the day of her wedding!

Wedding Welcome Sign

Yes, you could just order a standard sign for your wedding entrance, but why not have something that can live on after? We have made several Wedding Welcome signs out of reclaimed wood for the up most reason as the brides wanted to showcase it in their home after the wedding. We are here for upcycling!

Baby Shark Birthday Build

Why not make a statement at your kiddos birthday party? How about with a 5 foot baby shark? I love seeing the creativity from parents these days with up leveling their kids birthday decor. We fabricated this out of foam and made it free standing so everyone could get a picture with baby shark.

Baby Shark Cake Topper

The small detail that makes for an amazing keepsake and picture. These custom cake toppers are stunning and so fun to create.

Birthday Bag Tags

All we can say is YES! These custom bag tags for a birthday party were a hit AND now can be used for christmas ornaments :)
