

# Ring Size Guide

Whether you are buying a ring for someone else or yourself, we realise that you may not know which ring size to purchase. To help you, we've prepared a simple guide to determine which ring size will fit your finger.

Whichever method you choose, there are a few basic guidelines to ensure an accurate measure:

- Your ring should fit your finger comfortably: snug enough so that it will not fall off, but loose enough to slide over your knuckle.
- Measure finger size several times to eliminate an erroneous reading.

## METHOD 1: MEASURE YOUR FINGER

1. Cut a strip of paper approximately 15cm in length and no more than 0.5cm wide
2. Wrap it around the largest part of your finger and use a pen to mark the point on the strip of paper where it forms a circle
3. Lay the strip of paper flat and measure the distance from the end of the paper to the mark you make. (Your measurement is the 'Circumference' of the ring)
4. Compare your measurement with the Ring Size Conversion chart below to determine your Hong Kong ring size

## TIPS FOR BUYING THE RING AS A SURPRISE

Engagement and wedding rings are usually worn on the fourth finger of the left hand. If you're trying to purchase a ring as a surprise, use Method 3 below to measure the size of one of the rings your significant other wears often.

## METHOD 2: JUST GOLD JEWELLERY RING SIZER

### 1. Print this PDF file

(In the print dialog box, print scaling must be set to 'None' or 'Do Not Scale'. Print scaling is found in File/Print in the Page Handling section. On some computers this setting is called 'default', however use this with caution as default settings can vary.)

### 2. Cut out the ring sizer

3. Wrap the Just Gold Jewellery ring sizer around your finger and note the measurement to determine your ring size.

Please use this as a guide only

### METHOD 3: MEASURE AN EXISTING RING

Print this page, ensuring that page scaling is set to none in the print dialog box.  
Measure the bar on the right and make sure it measures exactly 30mm.

1. Select a ring that properly fits the intended finger.
2. Place the ring over the circles below, lining up the inside edge of the ring with the circle nearest in size. This measurement refers to the inside diameter of the ring.
3. If your size is between two sizes, opt for the larger of the two.

Just Gold is a hidden gem in Cabramatta! I didn't even realise it was a jewellery store and I've been a local in the area for so many years! The store is located upstairs on John Street. My partner and I were shopping around to look for a gift. They have many pretty styles and are very reasonably priced!!! I'll be coming back to do more shopping =)

I couldn't speak more highly of Kitty and the team here. I came to get a custom made diamond ring for my mum. I wasn't sure exactly what I wanted, but I had some pictures I had brought along with me. Will definitely be back!

### **Stephanie Lan**

We were recommended this place for our wedding bands and couldn't be happier we came here. The team was very friendly and helpful in recommending wedding bands for both the bride and groom. The price was affordable too! I suggest you bring photos of what you are after and they will tell you what they can do. We received a notification to pick up our rings only 1 week after, that was fast! And we were very happy with them. I ended up buying diamond earrings too 😊

All I can say is Just Gold Jewellery exceeded all expectations. Kitty helped me through the entire process of designing and creating an engagement ring. It was so easy and enjoyable from start to finish, and the ring is stunning. Recommend without hesitation.
