## 9 Volts Battery 650mAh & USB Type-C Charger Cable

### User Manual for 9V-USB

#### Product Info:

- Type: 9V Battery
- Feature: Rechargeable
- Chemistry: Lithium-ion (Li-ion)
- Volts: 9 V
- Capacity: 650mAh
- Includes: 1x Box, 1x USB Type-C Charging Cable

#### Product Notes:

- Battery Shelf Life: 2 Years (without being charged)
- Recharge Times: Battery can be recharged up to 500 times or more\*

#### How to Charge the 9V Battery:

1. Find the slot at the bottom of the battery
2. Insert the Type-C plug into the battery port
3. Insert the USB plug into a USB adapter
4. Insert the USB adapter into a power outlet
5. Congrats! Charge should initiate.

*\* Once battery is charged, the lifetime of the battery can go for a few years. Because this is a lithium-ion (li-ion) battery, the battery performance will start to decline after 2 years by design.*
