SCISSORS NAVIGATION "HOW TO CUT THE TOP" 2 DAYS

Experience : Barbers

This intensive scissor bootcamp will help you unlock new ways of thinking and level up your scissor game to get you working fast. Sectioning and scissors techniques are simplified so you can style with ease. Work more efficiently and tackle any hair length and texture. Learn not just how to cut - but why. This course will challenge you and help you grow as a creative artist.

START DATES PLEASE SEE WEBSITE

OVERVIEW

Men's hair trends change every 6-8 months. Stay ahead of the curve, equip yourself with the skills needed to build loyalty. Get creative - learn shop-reality tips and techniques to personalize your look and give client's a hairstyle instead of just a haircut.

Key learning objectives

- Learn the method of approach when it comes to strategizing lengthier hair for efficiency and clarity.
- Identify reference points for effective sectioning and eliminate less productive sections.
- Seamlessly connect the fade to the length at the top.
- Product applications and mens blow drying and styling techniques.
- Learn powerful and effective scissor handling and styling techniques for creative expression.
- Identifying retail opportunities and up selling

POWERED BY

SCISSORS & PRECISION WORK
