E•BUL•LIENT (Adj):
1. CHEERFUL AND FULL OF ENERGY

Hi there!

I'm Chelsea, the hands behind Ebullient Marks, a traditional calligraphy studio out of the Seattle, Washington area. I specialize in creating enthusiastic greeting cards and gifts through numerous scripts styles such as copperplate, blacklettering, and italic.

To me, calligraphy shouldn't be something that is reserved only for formal events. Why not spread that special handwritten feeling everyday? All of my products are designed, written, and (mostly) illustrated by me, then digitized for reproduction. These items are produced using top-quality papers and printing methods while remaining affordable.

Ebullient Marks was established during the pandemic of 2020. It was the perfect time to share my passion of a centuries-old artform and cheerful modernity with a population stuck socially distancing! I hope to encourage people to write more letters, take part in growing closer to others through meaningful communication, and share smiles across the world without paying an arm and a leg to do so. Ebullient Marks is dedicated to giving customers a purchasing experience worth writing home (or to friends and beyond) about.

Thanks for your interest in Ebullient Marks Calligraphy!
