Nest Cushions

The Nest cushions take into account the purpose of identity in designing for serendipity, discovery and mobility. Versatility is everything. The public space is undergoing transformation into a lighter, brighter landscape, where colour and tactility has become increasingly important. For the purpose of satisfaction, the Nest cushions are welcoming additions to an inspirational environment, available in all fabrics.

Design: Form Us With Love

Form Us With Love was founded in 2005 and since its conception, the studio has burned with a passion for design and its democratic potential. Its belief is that we all have a right to meaningful design.

At the studio's core lies a process that blends traditional creative practices with a lean, strategic application. The central intention is to evolve with the needs of each project, its place in the market and the ever-changing needs of real people.
