M/Connect™ 2

Humanscale®

M/CONNECT 2 is a next-generation USB docking station that keeps all your devices connected through a single hub of power and data. With a unique split dock design, M/Connect 2 provides multiple connection options beneath the desk while keeping all essential ports above the work surface and conveniently within reach.

- Universal USB docking station with USB-A and USB-C connectivity (Thunderbolt compatible)

- Backwards compatible to USB-A

- Optional 60W or 100W power delivery options

- Supports 4K video resolution for up to 2 monitors or 1 monitor at 5k

- Features a total of 11 ports for power and data

- Features two charging ports dedicated exclusively to delivering power, alleviating potential security risks

- Various mounting options available for easy application to any worksurface

- Colour Options: Polished Aluminium with White Trim, Silver with Grey Trim, Black with Black Trim

- Kensington Security Lock Slot available for both the hub and dock for additional security and theft protection

- Limited 3-year warranty

*Also available as a Stand Alone Split Dock (No Monitor Arm)*

A TOTAL OF 11 PORTS FOR POWER AND DATA

Desktop Hub

- 2 USB -A data ports

- 1 USB -C charging port

- 1 USB-A charging port

- 1 3.5mm Audio/ microphone

Underdesk Dock

- 3 USB-A data ports (1, high charging port)

- 2 Display Ports

- 1 Ethernet Jack

DESIGN STORY

For more than 35 years, Humanscale has been creating solutions that enhance the computing experience. Our products are designed to make the workstation a more effective tool for the use of today's technology. With M/Connect 2, we have applied our expertise and experience to the USB docking station. Our split dock design, which can be used with or without a monitor arm, eliminates desktop cable clutter, increases usable workspace, and enhances user performance.

Without M/Connect 2

With M/Connect 2

SPECIFICATIONS
