

THE HÅG MOVEMENT

HÅG

 A brand of Scandinavian Business Seating

HÅG CAPISCO®

THE SADDLE CHAIR™

Up and down.

HÅG Capisco is inspired by the horse rider's saddle and sitting posture. No one sits as actively as a rider in the saddle. When you work seated on a HÅG Capisco, you'll be inspired to greater freedom of movement, variation and new natural sitting positions. HÅG Capisco allows you to sit as high or low as you want. No other task chair adapts so well to work surfaces of different heights. Sit down and adjust it from a normal table height to a sit-stand position.

Its award-winning design fits into creative meeting rooms and any other place where you want to work and move in different ways. It's also a great chair for dentists and surgeons who work in semi-standing positions, or when used back-to-front so that the back panel supports the chest. Experience the numerous benefits of this unique sitting solution.

HÅG Capisco model 8106 was the world's first task chair to be granted the right to use the official Nordic eco-label, the Swan.

Design: Peter Opsvik.
Patent- and design protected.

No other task chair adapts so well to work surfaces of different heights.

ADJUSTABLE HEIGHT

The chair can be adjusted from a low sitting position to a sit-stand position.

FOOT SUPPORT

Provides a comfortable way to vary the position of your feet.

THE SADDLE SEAT

The unique shape of the seat inspires movement and new sitting positions.

HEADREST (OPTIONAL)

The headrest gives you rest and support for shoulders, neck and head. The gap between the chair and the headrest allows more freedom of movement.

HÅG STEPUP® (OPTIONAL)

Provides two extra levels for placing your feet.

HÅG FOOT RING (OPTIONAL)

Extra level for rest and support for feet.

ADJUSTMENT FEATURES

- Headrest
- Seat height
- Seat depth
- Back height
- Backward tilt tension
- Lockable tilt
